BATTLE FOR POLAND WAGES

Boys Fatally Beat Guard

EXPOSITION BONDS AN INVESTMENT

CONGRESS ENDS LONG SESSION

Several Administration Bills Are Lost With Adjournment

California Senator Retires, Ends Long Career in House

Senator Perkins Quits Toga

Tribute Paid Him in Farewell

WASHINGTON, March 4.—For many minutes before adjournment there was a lull in the Senate. Absolutely no business was transacted. Senator Simmons paid a tribute to Senator Perkins of California, who retired at noon. Senator Perkins sat for a moment in contemplation of the tribute. Then he slowly half rose from his seat, feebly waved his hand toward the North Carolina Senator and his colleagues in a gesture of farewell and then took his seat again, too overcome with emotion to speak.

By Associated Press.

WASHINGTON, March 4.—Congress adjourned sine die today. The Senate adjourned at 12:04 p. m. and the House, after turning back the hands of the clock, adjourned at 12:18 p. m.

The total appropriations of the session were approximately \$1,120,484, 224, several millions under the record of previous congresses. Two appropriation bills failed.

Current appropriations for the postal service and the Indian office were extended for another year. In the closing hours President Wilson signed the seaman's bill and the neutrality resolution, empowering him to prevent ships leaving American ports with supplies for belligerent warships, promoted General Goethals to be a major general for his services as builder of the Panama canal and gave promotions to other officers associated with the work.

The administration ship bill, the Philippine bill, the rural credits provision of the agriculture bill and ratification of the treaties with Colombia and Nicaragua—all hard-pressed administration measures—fell by the wayside.

THEY WROTE RETIRE.

In the Senate several members, long prominent national figures among them Senators Root and Burton, stepped back into private life as the curtain fell. In the House Democratic Leader Underwood said goodbye to sit in the next Senate, and three scores of more members retired. Senator Gallinger offered a resolution of thanks to Vice-President Marshall for his services as presiding officer of the Senate.

In the House the last hour was devoted to tributes to Speaker Clark, Representative Underwood and Republican Leader Mann. Representative Palmer announced the presentation of a portrait of Mr. Underwood to be hung in the hall of the ways and means committee, in going so Mr. Palmer said: "There is no doubt Mr. Underwood

IDENTIFIED AS MEN WHO PLANNED SAUGUS HOLDUP

SAN FRANCISCO, March 4.—Frank J. Ryan and N. O. Anderson, alias "Apache" and "Neddy Collins," were positively identified this morning as the men who planned, and it is believed, executed the attempted hold-up of the Southern Pacific Company's train, the Owl, at Saugus, on February 17. The identification was made by William Miller, a knight of the road, brought here from Los Angeles for the purpose, and Postoffice Inspector

CONGRESS GETS REST; LONG LIST OF BILLS TROPHIES OF SESSION

WASHINGTON, March 4.—The Sixty-third Congress, first under complete domination of the Democratic party since 1895, ended today at noon.

It had been in almost continuous session since President Wilson's inauguration two years ago. Beginning with an extra session, called by the President April 7, 1913, the Congress has worked actually 527 days. Much important legislation was accomplished; but much contemplated, some of it hard pressed by the President and party leaders, was left undone. It is the present intention of the President and his advisers to give Congress a rest. Rather than force an extra session, they would leave the remainder of the administration's constructive aspirations to a new Congress next winter, which, although under Democratic control, will have a greatly reduced majority in the House.

Foremost in the enactments of the Sixty-third Congress was the Payne-Adams tariff act, which replaced the Payne-Adams tariff law.

The federal reserve act, reorganizing the currency system. Anti-trust laws to supplement the Sherman act, including the Clayton law and federal trade commission act, the former providing for punishment of individuals who violate business regulations and the latter establishing a government unit to aid in keeping business within the law.

Repeal of the Panama canal toll exemption for American coastwise shipping.

Act directing the building at a cost of \$35,000,000 of a government railroad through the fields of Alaska.

Act to regulate cotton exchanges and to penalize dealings in purely speculative cotton future sales.

A special internal revenue tax, commonly called the "war tax."

A government war risk insurance bureau to insure American ships against the hazards of war, and an act providing for the transfer of foreign-owned or built ships to American registry.

Of those measures which failed of enactment or could not be considered for lack of time, the following are regarded by Democratic leaders as paramount:

Bill for government purchase or charter of transoceanic ships for the establishment of an American merchant marine, which encountered the most stubborn filibuster in the history of the Senate.

The immigration bill, creating an immigration test for admission of aliens, which passed both Houses, was vetoed by President Wilson and failed by a

Miss Breck to Wed San Francisco Man

At a bridge party given this afternoon at the home of Mrs. Samuel Breck in honor of her daughter, Miss Helen Breck, the engagement of the latter to Mr. Donald Lamont of San Francisco was announced. Miss Breck was assisted in receiving by her aunt, Mrs. Prentiss Selby, and her mother, Mrs. Samuel Breck. She was assisted in the dining room by Mrs. Thomas Omer and Mrs. W. A. Wood of the prominent family.

Leonard believes that before the day is over the men will confess, at Rutherford, Napa county, in charge of blocking open the safe in the postoffice there, February 24. They were brought here by Deputy Marshals O. R. Egan and C. P. Delaney. According to Miller, he predicted "mummy peg" with Ryan and Anderson at Saugus on the day prior to the hold-up and heard them plan to rob the train. He declared that he could not be mistaken in his identification.

narrow margin to repass the House on a motion to overturn the veto.

Conservation measures urged by the President to provide a new system for leasing of water power sites and a leasing system to open the mineral resources of the country.

Bill to enlarge the measure of Philippine self-government and to extend promise of ultimate independence to Filipino people, a measure which passed the House and was approved by a Senate committee.

Resolution by the Interstate Commerce Commission of the issue of railroad securities, originally a part of the administration's anti-trust program.

Rural credits legislation contemplating the establishment of a system of farm mortgage loan banks, persistently urged through the Congress.

In addition to the foregoing, scores of general legislative bills covering a wide range of subjects died with the end of the Congress. Among these were measures for federal road improvement, waterway development, reorganization of the civil service, to prohibit importation of goods made of goods, and several measures for reorganization of the army.

The last session of the Congress was notable, too, for the failure of two great issues, national prohibition and woman suffrage. Expected constitutional amendments precipitated two of the most exciting legislative battles in the history of the House of Representatives, both measures failing to reach a majority.

Foreign relations of the nation were constantly at the front during the session. The Mexican situation, requiring close attention from the outset, has the European war, through the action of the President and the Senate foreign relations committee were in frequent conferences and much was done to keep the nation abreast of the situation.

Peace commission; treaties providing for investigation of international disputes before resort to arms were negotiated and ratified. A treaty to enforce the regulations adopted by the London Faculty at sea conferences was ratified last December, but with an amendment making the Rocky Mountain National Park in Colorado.

Two laws for other powers to consider, this prevented the ratification of the convention. A treaty with Nicaragua providing for the acquisition of the Nicaraguan canal route and naval station, pending treaty with Colombia directing the United States to build the Panama Canal ship was held by the foreign relations committee.

Most of the session of the Congress was almost wholly devoted to appropriation bills, the ship purchase bill and a few general measures. Aside from the special taxes upon all centers, manufacturers or importers of opium, or its derivatives, and the creation of the Rocky Mountain National Park in Colorado.

Much debate on the condition of national defense awaited the closing session. Proposals for special investigation of the preparedness of the nation for the future, House naval and military committees, however, have not yet taken bearings on the subject in connection with the military supply bills.

Railroad Unmerging Hearing Proceeds

SAN FRANCISCO, March 4.—That the Central Pacific and S. P. Railroads were operated in perfect unity and as one line, and that no distinction was ever made between them in paying employees and handling trains was the testimony of two witnesses before the unmerging commission. Proposals for special investigation of the preparedness of the nation for the future, House naval and military committees, however, have not yet taken bearings on the subject in connection with the military supply bills.

When Supervisor John F. Mullins attends the meeting of the board next Monday he will appear with a piece of green yarn tied about his little right hand finger. He will do that because he left that committee meeting of the board today with his right hand badly cramped. He is not superstitious and the yarn is not presumed to have any curative properties for cramped fingers, but Supervisor Mullins believes that it will help him to remember to put his signature stamp in his pocket when he leaves home Monday. He is particularly anxious not to forget the stamp, because today he had to use a fountain pen in affixing his signature to 500 warrants, along with the "John Hancock" of the rest of the board members.

Federal Court Decision Appealed by State

WASHINGTON, March 4.—The state of Arizona appealed to the Supreme Court from the decision of the Federal court, which held unconstitutional the Arizona anti-alien employment law against which Great Britain and Italy had protested as a violation of treaty rights.

ISSUE MADE CLEAR AS DUTY

Chairman Lavenson Explains Money Voted Will Buy Stock

Moral Obligation, He Insists, Rests on Alameda County

Newspaper men of Oakland, San Francisco, Berkeley and Alameda were the guests at the Hotel Oakland this noon of the business men's bond campaign committee at a luncheon, where speakers explained the work being done for the success of the exposition bond election on March 19.

All of the important newspapers on both sides of the bay were represented. The object of the bond committee in entertaining and meeting with the publishers and heads of newspaper departments was that they might be thoroughly informed as to every feature of the work being done in the interests of the \$1,000,000 bond issue.

A. S. Lavenson, chairman of the committee, presided, and was one of the principal speakers. Briefly, he explained the predominant facts of the matter at issue. He concluded his address with the statement that Alameda county citizens are appreciative of the fact that the exposition directors will give capital stock in the great fair, in return for the \$1,000,000 to be voted March 19.

COMMISSIONER SPEAKS. W. D. Egilbert, exposition commissioner general of California, was the next speaker. He explained in detail the work that had been done in building the great exposition; told of the benefits to accrue to this county because of it and submitted a list of statistics to substantiate his claims that the fair would be a financial success and would undoubtedly pay a dividend on the stock that Alameda county will own. B. S. Sanders, a member of the committee, was the third and last speaker.

The guests present were John Walden of the San Francisco Bulletin; Max Stern of the Bulletin; Arthur L. Price and J. D. Van Becker of the San Francisco Call; C. S. Royce, news editor of the San Francisco Examiner.

When Supervisor John F. Mullins attends the meeting of the board next Monday he will appear with a piece of green yarn tied about his little right hand finger. He will do that because he left that committee meeting of the board today with his right hand badly cramped. He is not superstitious and the yarn is not presumed to have any curative properties for cramped fingers, but Supervisor Mullins believes that it will help him to remember to put his signature stamp in his pocket when he leaves home Monday. He is particularly anxious not to forget the stamp, because today he had to use a fountain pen in affixing his signature to 500 warrants, along with the "John Hancock" of the rest of the board members.

VOGEL CASE INVOLVES WOMAN

Arrest May Follow Confession by Sligh in South

Sells Plotted to Rob the Aged Couple, Prisoner Repeats

That further arrests were expected by the Oakland police in their investigation of the Vogel murder, following Charles Sligh's confession, was reported at the City Hall today. Captain of Inspectors Agnew refused to confirm a rumor that a woman was implicated, but a credible source gave this as the case.

Chief Petersen is continuing his investigation of the Vogel murder by attempting to separate truth and falsehood in the numerous confessions made by Charles Sligh and Alfred Sells, the two bandits captured through the efforts of the Los Angeles police. The two men have become deadly enemies since they were incarcerated and the police have been playing upon their hatred for evidence to obtain incriminating evidence. Considerable doubt is felt as to the credibility of either Sells or Sligh, but it is realized that either would go to the limit in attempting to get revenge on the other. By checking their statements and getting corroborative evidence Petersen hopes to disentangle the various conflicting assertions and to obtain a workable theory as to the Vogel murder.

HE MAKES OATH.

Sells, who is a confessed robber, train bandit and ex-convict, was declared by Sligh to have planned the Vogel murder and to have carried it through. While making this statement to Chief Petersen Sligh held a Bible in his hand and frequently affirmed the truth of his statements by swearing to them on the Scriptures. Sligh underwent four hours of questioning by Petersen. Petersen gave out the statement at the end of the ordeal that Sligh had declared that Sells and Marion E. Cox, a trained nurse, who is now being held incommunicado in the Oakland city prison, had planned to rob the Vogel home.

Recently Chief of Police Petersen was asked as to the truth of the rumor that clothes carrying blood stains had been found in Cox's room in Oakland. He refused to make any statement. It was stated that Petersen admitted that it was a fact that these clothes had been found in Cox's room. After the arrest of Cox the Oakland police turned Cox's room upside down in their effort to find evidence.

Sligh went so far as to try into the room and to rip open pillows and force trunks. A guard was then placed in the room and nobody has been admitted since.

TELLS OF "PILOT."

"Sells told me of the plan to rob the Vogel home and wanted me to assist him, but I refused," Sligh told Petersen, according to the statement made by the chief in Los Angeles. "Sells then left me going in the direction of Cox's room in Oakland. He said Cox had worked near the Vogel home and knew where the bank, er and his wife hid their money. Ever since Sunday Sligh and Sells have been 'confessing' about each other. To clear himself of connection with the Vogel murder Sligh stated that the conversation with Sells and Cox was held on

Great Western Power Co. Buys Rival, Rumor

That the Central Oakland Light and Power Company is to be absorbed by the Great Western Power Company was a rumor in financial circles today. The former concerns operates in Oakland, supplying light and power.

Phelan Returning, His Inquiry Over

SANTIAGO, Cuba, March 4.—James D. Phelan, appointed by President Wilson a special commissioner to investigate the conduct of James M. Sullivan, American minister to Santo Domingo, arrived here yesterday from Santo Domingo on board the cruiser Tacoma, having completed the investigation.

'STOCK MUST BE GIVEN FOR BONDS,' HYNES

Office of DISTRICT ATTORNEY, Alameda County, California. W. H. L. HYNES, District Attorney.

Oakland, Cal., March 4, 1915. A. S. Lavenson, Esq., Chairman Business Men's Exposition Bond Committee, Oakland, Cal.

Dear Sir:

In response to your inquiry as to what, if anything, Alameda county shall receive in exchange for the million dollars to be contributed to the Panama-Pacific International Exposition, in the event that Alameda county shall vote the bonds, permit me to say that under the authority of section 18, article XI, of the constitution of the state of California, the proceeds of said bonds may be exchanged for stock in the Panama-Pacific International Exposition Company, and, under the call for the bond election, it is provided that the million dollars shall be exchanged for stock in the Panama-Pacific International Exposition.

Under the provisions of section 3, article XII, of the constitution, "the liability of stockholders in any such corporation may be exchanged for stock in the Panama-Pacific International Exposition Company, and, under the call for the bond election, it is provided that the million dollars shall be exchanged for stock in the Panama-Pacific International Exposition."

It, therefore, follows that, if the bond issue carries in Alameda county, the money must be applied to the purchase of stock in the exposition and there still be no further liability upon the part of Alameda county.

Further, should there be any profit, or should there be any money or property to be divided after the close of the exposition, Alameda county will be entitled to participate in the distribution.

Respectfully, (Signed) W. H. L. HYNES, District Attorney.

F. S. STRATTON IS CANDIDATE FOR MAYOR

Fred S. Stratton, for over twenty years collector of the port of San Francisco, former state senator and an old resident of Oakland, today filed his declaration of candidacy for mayor of Oakland for the coming primary election.

Stratton has been one of the most conspicuous figures in California political life for many years. He was state senator, and was for a time in the law business with Judge W. W. Morrow.

It was during President Harrison's administration that Stratton was appointed collector of the port of San Francisco. So efficient was his administration of this office that he continued collector of the port through the administrations of Cleveland, McKinley, Roosevelt and Taft.

At the last general election Stratton was a candidate for justice of the appellate court, but was defeated by Justice J. E. Richards. Stratton made a strong fight for the office.

The Stratton family is one of the pioneer families of Oakland. Stratton is son of the late J. T. Stratton, owner of a large part of the waterfront in Oakland under the famous Stratton patent. He is a brother of Prof. G. M. Stratton and of Dr. Robert T. Stratton.

James E. Thurston, former city councilman; Assemblyman William C. Clarke, L. C. Leet and Mark A. Davis were appointed verification deputies for Stratton today by City Clerk Frank Smith, at the request of Stratton. The nomination petition will be circulated once.

The Stratton home is at 1477 Harrison street. Stratton will personally conduct his campaign, and a sharp contest is anticipated.

Seven days remain in which candidates may file. There was a rumor on the street today that George Hatch, of the Hatch-Hatch Company, might file for mayor.

ELEVEN INCORRIGIBLES ESCAPE REFORMATORY

By Associated Press. SANTIAGO, March 4.—Eleven boys in Company F, the section for incorrigibles, have escaped from the reformatory last night after severely beating Watchman J. Griffiths, who is not expected to live. Four of the boys have been captured and possess from Alameda and Sacramento counties are in pursuit of the others. Karlungen, Meak, 24 years of age, from Los Angeles, and a participant in a break at Whittier School two years ago, is supposed to be the leader.

INVASION IS STAKED ON SIEGE

Germans Beleaguer Ossowetz as Base for Operations

Russian Forces Stubbornly Resist, Hoping to Break Inroad

By Associated Press. PETROGRAD, March 4, 11 a. m. via London, 2 p. m.—The German forces in Northern Poland are concentrating their efforts in the endeavor to break through the Russian fortified lines near the Prussian frontier by capturing the fortress of Ossowetz. This battle, the outcome of which is regarded as of high importance, is proceeding with increased violence. The Germans on this occasion have succeeded in bringing up some of their heaviest and most effective guns, including the great 16-inch field pieces.

The opinion of Russian military officers is that the Germans, having been expelled from Przasnysz, their only hope of successful execution of their plans, which include securing the position of their left flank by breaking through the Russian line of fortresses, lies in taking Ossowetz. From the character of the fighting it is evident that the Germans have determined to exhaust every effort to win this point.

THE RUSSIAN ADVANCE. The Russian occupation of Kerlen, announced officially here, shows a slight advance on the northern front. Kerlen lies on the left bank of the Amouret river, twenty miles north-east of Przasnysz. The capture of this town is most of a local importance, since it signifies failure of the German attempt to cut off the communications of the Russian forces operating in the Przasnysz district from those proceeding from Myszyniec toward Kolno along a line parallel with the Prussian border. This the Germans strove to accomplish by occupying positions along the Amouret.

Although there is a close correlation between the German advance from East Prussia and their operations in conjunction with the Austrians in the Stanislaw-Beakid region of Galicia, at the other end of the front, Russian critics regard the activity of the Germans in the north as relatively of less importance. It is regarded more as a diversion for the purpose of engaging the attention of Russians while the Austro-German army is preparing for an important campaign in Galicia. In this region, it is said, the bulk of the Austro-German forces is concentrated.

BRUSILOFF WINS NOTABLE VICTORY

By Associated Press. LONDON, March 4, 12:28 p. m.—The interest of British readers in the Russian campaign has again shifted to the extreme southern portion of the line of battle, where Petrograd reports that General Brusilloff has won a noteworthy victory south of Railrod, inflicting heavy losses on the Austrians, who were again pressing north to the relief of Przemyel.

At the same time an unofficial dispatch from Bucharest credits the Russian forces with the recapture of Stanislaw in Galicia, about sixty miles from Tarnopol.

At the same time Vienna reports the Russian success in the Russian counter attacks in the Carpathians, with comparative inactivity along the remainder of the line. Berlin admits officially the German retreat from Przasnysz, north of Warsaw, which was made in good order, in spite of reports that necessitated the abandonment of wounded.

FRENCH ON DEFENSIVE. On the western battle front in France and Belgium the French now appear to be content to hold the positions they claim to have won in the Champagne district.

While British battleships are battering fort No. 3 and fort No. 5, in the

(Continued on Page 3, Cols. 1-2)

GREAT BATTLE RAGING WITH POLAND AS STAKE

(Continued From Page 1)

the narrows of the Dardanelles, from a point ten miles within the entrance to the straits. French warships from the Gulf of Saros are bombarding the Turkish position at Bulair. A report has been current in London that certain big Krupp guns recently sent to the Dardanelles are still unmounted and an aerial reconnaissance made over the straits last evening seems to have confirmed this report.

The battleships of the allies, which now show all the colors of the triple entente by the addition of the Russian cruiser Askold, undoubtedly have turned the straits of the Dardanelles into an inferno, which, according to British and French claims, has spelled destruction to the Turkish defenses. On the other hand, reports from Constantinople depict this activity as ineffective.

MINE FIELD SWEEP.
The Turks, however, do admit the destruction of the forts, which they expected, but they declare the inner works impregnable. The Turks rely on mines, but mine sweepers of the allies have been busy within a mile and a half of the forts, destroying a Turkish mine field detected by a sharp-eyed aviator.

Among other reinforcements, said now to make the fleet of the Dardanelles number more than fifty ships, is the British battleship Canopus, last heard of as anchored off the Falkland islands. In the Falkland islands fight the Canopus fired the first shot at the German squadron under the command of Admiral von Spee. The only craft which, according to French and British authorities, has been compelled to withdraw from the action is the British torpedo-boat destroyer Zephyr, built twenty years ago.

In the political field it would appear that other neutrals are awaiting the lead of the United States before embarking on any course of action imposed by Premier Asquith's announcement of the retaliatory policy of the allies.

Meanwhile British newspapers are expressing some uneasiness because of the unfavorable impression the premier's announcement seems to have made upon American public opinion.

ALLIES RENEW NAVAL BATTLE

Associated Press.
LONDON, March 4, 1:25 p. m.—The allied fleet (Thursday) morning resumed their bombardment of the inner forts of the Dardanelles, according to a dispatch received by Reuters' Telegram Company from its Constantinople correspondent. The text of the dispatch follows:

"The bombardment of the inner forts of the Dardanelles was resumed Thursday morning. Ten big warships took part in the operations. According to a British officer only two of the Turkish forts remain intact. Allied landing parties found the charred remains of soldiers in the damaged forts, showing that the Turks had turned their dead before evacuating these positions."

CYRENAICA IS IN REBELLION

Associated Press.
ROME, March 4.—A state of siege has been proclaimed in the greater portion of Cyrenaica, in an effort to put down a rebellion.

Cyrenaica is one of the independent administrative and military districts of Tripoli, which now is under Italian control. A dispatch from Rome, February 10, said information had been received from Tripoli to the effect that reinforcements had reached Captain Vellini, whose native troops had

almost entirely deserted him as the result of a rebellion in Libya. It was said the rebellion had been encouraged by the withdrawal of Italian troops from the interior to the coast and that the movement gradually was encircling Tripoli itself, where fortifications were being erected.

DARDANELLES NOT WORRYING TURKS

Associated Press.
BERLIN, via London, March 4, 11:30 a. m.—Attaches of the Turkish embassy here profess to be unconcerned regarding the bombardment of the Dardanelles fortifications by the great allied fleet. They declare the fortifications are impregnable, that the landing of troops at the entrance to the straits is impossible and that an attempt to land a force at some point along the shore of the Gulf of Saros would require more men than the allies can land.

The Constantinople correspondent of the Frankfurter Zeitung sends his paper an interview with Enver Pasha in which the chief of the Turkish general staff is said to have declared that the damage to the outer fortifications was less than had been reported, but that the forts are the oldest of the entire line and their early reduction always has been expected if a serious attack were made upon the Dardanelles. The allied fleet, he declared, has yet to reach the real line of defense.

GERMANS REGAIN FORTIFIED TOWN

Associated Press.
BERLIN, March 3, via Amsterdam to London, March 4.—The following dispatch from the German chief headquarters was made public this evening:

"After the marvelous capture of the strongly fortified town of Przasnysz (North Poland) by one of our corps, which had advanced from an eastern direction, the situation became critical for one day by the advance of three Russian army corps, which attacked the German divisions from the east, south and south and forced the victorious German corps by a backward movement to make a front against these superior forces.

Parts of the corps were sharply pressed and great numbers of wounded in the neighboring villages could not be removed in time, but the Russians were unable to disturb the orderly backward movement and lost touch with the German corps. This proves that they suffered severely during their attacks.

"Meanwhile German reinforcements came and the situation was restored. It was quite an insignificant Russian success and cannot be compared with the previous German storming of Przasnysz, in which we took 10,000 prisoners and a great quantity of booty."

ORDERS PROBE OF RUSSIAN DEFEAT

Associated Press.
BERLIN, via London, March 4.—The National Zeitung's Russian correspondent telegraphs that Grand Duke Nicholas, the Russian commander-in-chief, has appointed a special investigating commission to make an exhaustive study of the recent military events in East Prussia, particularly to determine in what way General Sievers, commander of the Russian Tenth army, failed to measure up to the requirements of the situation. The correspondent adds that the investigation also will include several of the lesser generals and that a court-martial is rumored.

FRANCE MAY BUY SEIZED CARGOES

Associated Press.
PARIS, March 4, 5:05 a. m.—The quiet and dignified manner in which the American press and public received the Franco-British declaration of proposed naval reprisals against Germany has made a strong impression in France. Writers in the leading newspapers point out that a nation so devoted to business interests as the United States cannot be expected to remain unmoved at the prospect of closing the sea routes to a country with which it does an annual business of \$500,000,000.

"We cannot pass to neutrals," says the *Journal*, "by purchasing and accepting cargoes of which we desire to deprive Germany. We should perhaps lose on these purchases, which we neither could use nor resell until later, but the loss would be a mere drop in the ocean of enormous war expenses and very little in comparison to the extra blood it would have been necessary to shed for having neglected this means of hastening the enemy's capitulation by economic strangulation."

Professor Charles Richet, writing in the *Figaro*, declares that while the Germans contend the allies' blockade is barbarous and contrary to international law, a blockade carried out by a French fleet prevented British admirals from revictualing General Cornwallis, thus forcing him to capitulate in the American revolutionary war. Professor Richet says no historian ever said this was a disloyal act and "we should be greatly surprised if the Americans in 1915 condemned a proceeding which permitted General Washington in 1781 to win American independence."

U. S. STEAMER SEIZED AGAIN

Associated Press.
LONDON, March 3, 2:15 (delayed in transmission).—The Standard Oil Company steamer *Platania*, bound for Malmo, Sweden, has been detained at Kirkwall, Scotland, by order of admiralty officials, pending an investigation.

The *Platania*, a steamer of 2294 tons, under command of Captain Carpenter, sailed from Philadelphia February 2, bound for Malmo and Helsingborg.

The *Platania* was formerly the German steamer *Diamant*, but now sails under the American flag, having changed flags last October.

This is the second time the *Platania* has been detained by the marine authorities of Great Britain. The last time was in October, 1914, the ship was seized by British warships off the coast of Scotland and taken into Stornoway. At this time she was on her way from New York to Aarhus with a cargo of illuminating oil. The

OFFICIAL WAR STATEMENTS

By Associated Press.

PARIS, via London, March 4, 3:45 p. m.—This afternoon's statement from the war office is as follows:

"In Belgium, on the Dunes, our artillery smashed trenches of the enemy. To the north of Arras, near Notre Dame de Lorette, the enemy captured an advanced trench recently constructed by us in immediate contact with the German lines.

"The bombardment of Rheims lasted all day, a shell falling every three minutes.

"In Champagne it is confirmed that the German counter attacks against the crest taken by us to the northeast of Meuse were of very violent character. The remnants of the guards fought with great ferocity. The defeat of these efforts has been complete.

"There has been a cannonade in the Argonne, with fresh progress on our part in the region of the Vauquois."

A supplementary statement was issued later as follows:

"Captain Haepe, one of our aviators, bombarded on Wednesday German powder magazines at Rottweil, 23 kilometers north of Donauwuechingen. His success was complete. Ten minutes after he had thrown bombs the powder magazine was afire."

Associated Press.
BERLIN, via London, March 4, 1:44 p. m.—The developments in the eastern and western campaigns yesterday are reported as follows in a statement issued at the war office:

"Western theater of war: On the heights of Lorette, northwest of Arras, our troops early yesterday morning occupied positions of the enemy 1600 meters (nearly one mile) wide, capturing eight officers, 558 French soldiers, seven machine guns and six small cannon. Hostile counter attacks during the afternoon failed.

"Renewed French attacks in Champagne were easily repulsed.

"A French attack in the Argonne west of St. Hubert failed. Counter attacking, we occupied a French trench. In Cheppy wood also a French attack failed.

"One of the recent communications from the Eiffel tower declared that a German column, while marching across the height of Tahure (northeast of Soissons) was successfully shelled. We must confirm the accuracy of this announcement. The columns consisted of French prisoners who were being led away and suffered a loss of thirty-eight killed or wounded.

"Eastern theater of war: Russian attacks north of Grodno led them into a flank fire from our artillery and failed. Northeast of Lomza Russian attacks broke down with severe losses. In the region south of Mysmic and Chorzow and northwest of Przasnysz the Russians were attacked. On the remainder of the front there was no change."

War Summary

A British officer of the allied fleet which is bombarding the Dardanelles is quoted in a dispatch from Athens as saying that only two forts now remain intact. Bombardment of the inner forts was resumed this morning. In large warships engaged in this purpose. The report of extensive damage to the fortifications are not borne out, however, by dispatches from Constantinople. One such message to a Berlin newspaper states that the outer forts of the straits is less than has been reported, and that the inner fortifications, which constitute the more important defenses, have not yet been reached.

The American tanker *Platania* has been detained at Kirkwall, Scotland, by order of the British admiralty. The *Platania* was formerly a German vessel, transferred to American registry after the outbreak of the war.

The German military authorities admit the capture of Przasnysz, Northern Poland, by the Russians, but assert that the Russian forces so severely during the attack that they were unable to disturb the orderly retreat of the Germans. This account is at variance with Russian reports of a few days ago, which stated that the German retreat was the most precipitate in the history of that area of military activity. The German statement says, however, that large numbers of wounded were left behind in neighboring villages.

The French war office has given a more definite idea of the extent of the battle now in progress in Champagne. The attacking front is about four miles in length, and it is asserted that the allies have gained positions to a depth of about two-thirds of a mile.

The official German statement of today says that the French in the region were repulsed easily. The French statement asserts that violent assaults by the Germans were defeated. North of Arras, near the Belgian border, the Germans captured positions of the allies, which they say were nearly a mile in extent.

Russian attacks near the Prussian border are said by the Germans to have failed. The German marks to capture Osovetz have resulted in a violent battle with no decision yet in sight.

RUSSIANS BANISH ALL DRUNKARDS TO SIBERIA

NEW YORK, March 4.—"Siberia for scoundrels" is the watchword in Russia right now, according to M. L. Vondan, vice-president of the Russian Locomotive Works, who returned from a business trip to Russia aboard the Scandinavian-American line steamship *States*.

"Of course, they don't say it that way," said Vondan, "but it goes. Second offenders caught loaded on vodka hit the long trail for Siberia. Russia is riding on the water wagon without springs."

WINTER DOUBLES WORK.
In summer the work of eliminating poisons and acids from the blood is helped by perspiration. In cold weather, with little outdoor work or exercise to cause sweating, the kidneys have to do double work. Foley Kidney Pills help overwork, weak and diseased kidneys to filter out of the blood the waste matter that causes pains in sides or back, rheumatism, lumbago, stiffness of joints, sore muscles and other ills resulting from impure elimination. Sold everywhere. Adv.

United States formerly protested and the vessel was released in November.

RELEASED, IS REPORT.
NEW YORK, March 4.—The Standard Oil Company of New Jersey announced today that it has received a cable saying that its tank steamer *Platania*, detained at Kirkwall, Scotland, by the British admiralty, had been released and was now on its way to its destination.

PLAY HOUSES WILL CLOSE.
BERLIN, March 3, via Amsterdam to London, March 4.—The *Vossische Zeitung* says it learns that the government has decided to close all the Berlin theaters from April 1. Protests from several quarters already have been lodged.

ANARCHIST PLOTS MANY, POLICE SAY

IN FIVE MINUTES NO SICK STOMACH, INDIGESTION, GAS

"Pape's Diapensin" Is the
Quickest and Surest Stomach
Relief.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or your belching and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, had taste in mouth and stomach headache, you can surely get relief in five minutes. Ask your pharmacist to show you the formula, plainly printed on these convenient cases of Pape's Diapensin, then you will understand why dyspeptic troubles of all kinds must go, and when it relieves, sour, out-of-order stomach or indigestion in five minutes. "Pape's Diapensin" is harmless; it acts like a healthy appetite, but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation. This city will have many "Pape's Diapensin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparatory, too, if you ever take it for indigestion, gas, heartburn, sourness, dyspepsia, or any stomach misery. Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.—Advt.

"JAG LIST" HURTS HOTEL.
MILFORD, N. Y., March 4.—Following the publication of a "Jag list" here, containing the names of fifty-eight of her well-known citizens, and the consequent lack of business, the Hotel Cottrell, one of Milford's oldest hotels, went into bankruptcy yesterday. The "Jag list" was filed by the Women's Christian Temperance Union, and the men of the town are now afraid to enter any place where liquor is sold. The attorney when he filed the petition.

What Cures Eczema?

Dispensary, the pores, kills the itching disease and leaves the skin fresh to receive nature's healing aid. All good druggists have D. D. D. Dispensary. The first \$1.00 bottle is guaranteed to reach you, or your money back promptly. Ask your druggist today for D. D. D. Dispensary. The Owl Drug Co.—Advt.

FEARS HUSBAND MET FOUL PLAY

The Wife of Captain Ayer, Who
Mysteriously Disappeared,
Scouts Defalcation.

That her husband has either been a victim of foul play or met with a fatal accident is the opinion of Mrs. John C. Ayer of 1225 Fifty-third street, wife of Captain Ayer, master of the steam schooner Red who mysteriously disappeared while his boat was in port at Mukkeo. Mrs. Ayer declared this morning that in her mind there was no doubt that her husband was dead. She refused to discuss the case which the officials of the Nelson Company, owners of the Red, say disappeared with the captain. Ayer has been in the employ of the company for several years and during that time his record has been beyond reproach. The officials, nevertheless, are of the opinion that he is alive. He had just returned from an extended voyage to the coast and had been at anchor in Mukkeo, Captain Ayer announced his intention of making a trip to Everett, where he has numerous friends. He did not return.

First Mate Thos. and the captain's papers, then took charge of the boat and brought her down to San Francisco. The first that Mrs. Ayer knew of her husband's disappearance, she stated this morning, was when she was notified shortly before the time set for the arrival of the steamer that her husband was not aboard.

"I have not seen my husband since the middle of January, and then only for a few hours, as the boat was behind time. I seemed to feel, however, even before I received word of that effect, that something was wrong and the notification only served to impress me with the fact that he is dead."

"We have tried to get into communication with our friends in the north, but all whom we have heard from say that they have not seen him on this trip. This is unusual, as it was his custom to visit at least once in each of the ports, and even our Everett friends declare that they have neither seen nor heard from him."

"I am convinced that he has either met with foul play or met with a fatal accident. At first I was under the impression that he had missed his footing on the wharf and was drowned, but the fact that the money is missing leads me to believe that he was a victim of foul play. I know that he had no means of protection, because I took his revolver before he left on this trip. I felt that I needed it more than he did, and he made no objection, telling me that he guessed he would not need it."

"We have had absolutely no trouble and there is no reason for his running away. I was accustomed to accompany him on many of his trips. We have many friends in the north, and it was our custom to visit them all. He also followed this custom, but it appears that he saw no one on this voyage."

The Seattle police are making an investigation of the affair, but up to date there have been no results. Ayer has a wife and three small children, the youngest of whom is just able to walk. The oldest is about 9 years of age.

WORKMAN MEETS INJURY.
VALLEJO, March 4.—James Ward Jr. had his left hand severely crushed and mangled when the member was caught in a drill press he was running.

MUCH NEW ARTILLERY LOST IN EAST PRUSSIA

By Associated Press.
GENEVA, via Paris, March 4.—That Austria lost much of her best new artillery in the recent fighting in East Prussia and in Northern Poland is the information received here from what are considered reliable sources. The guns lost are said to include twenty-three batteries of 305-millimeters and a number of 135-millimeters. In the region surrounding Plock, Kuno and Zgierz alone nine complete batteries are said to have been captured by the Russians, while nine others were destroyed.

VAN PELT BELTED.
Alleging that his wife treated him in a cruel manner, in particular that she threw a cutglass bowl at him and incidentally that she flirted over the telephone and dined on the train once with the "peanut butcher," Peter R. Van Pelt has commenced suit for divorce against Leila Mae Van Pelt.

ALLIES BUYING HAY.
HOUSTON, Tex., March 4.—Orders for \$9,000 tons of prairie hay have been placed by representatives of the British and French governments with hay shippers here. It was announced today. The initial order is for 3,000 tons, to be shipped before June 1.

A PERSONAL STATEMENT.
There are so-called "chance" and "tar" preparations that cost the dealer half as much, but sell at the same price as the original and genuine Foley's Honey and Tar Compound. We never offer these imitations and substitutes. We know you will buy Foley's whenever you need a cough syrup if you once use it. People come long distances for the true FOLEY'S—over thirty years the leading remedy for coughs, colds, croup, whooping cough, bronchitis and all other grippe coughs. Sold everywhere.—Advt.

SHIP COMMANDERS TO BE RAISED IN RANK

By Associated Press.
WASHINGTON, March 4.—With commanding officers of the American battleships not to be promoted as admirals and vice-admirals, the American navy will no longer labor under the handicap of having to take orders from commanding officers other than its own, whatever joint operations are held with navy or other nations. In a statement on the naval bill just passed by congress, and which he regards as the most generous ever enacted, Secretary Daniels says that the creation of the ranks of admirals and vice-admirals will give the American navy the position to which it is entitled. Heretofore the navy has not had such position during joint operations, because, in other countries, some of them with much smaller navies, have given higher rank to the commanding officers.

The new ranks are to be conferred upon officers only so long as they can command afloat, and not permanently.

IGNORE SELF-GOVERNMENT BILL FOR PHILIPPINES

By Associated Press.
WASHINGTON, March 4.—The last hopes of the friends of the Philippine self-government bill to take up the measure at this session of Congress vanished last night, objection being made to its consideration when its turn was reached on the "unanimous consent" calendar of the senate. Senator Poinsett stated the only way the Philippines could have the government at present would be for the United States to remain in the islands, and he gave notice he would talk several hours if the bill was taken up. Several senators objected to consideration of the bill, and it was passed over.

AMENDED CUMMINS BILL AGREED TO BY SENATE

By Associated Press.
WASHINGTON, March 4.—The senate early today agreed to the house amendment to the Cummins bill, making it possible for shippers to recover the full actual value of shipments lost, irrespective of provisions in bills of lading limiting the loss for rate-making purposes. The house amendments limited the effect of the bill to interstate and foreign shipments to countries contiguous to the United States. The bill in effect annuls recent decisions of the supreme court.

CRISIS PENDING.
By Associated Press.
SANTIAGO, Peru, March 4.—A cabinet crisis in Bolivia seems imminent. The ministers of foreign affairs, public works and home affairs have already resigned and it is expected the remainder of the government will resign upon their portfolios. Floods have destroyed the bridge of the Bolivian Railways Company and traffic between Lima and La Paz is interrupted.

ANNAPOLIS CADETS NAMED.
By Associated Press.
ANNAPOLIS, Md., March 4.—Of the 200 candidates designated for appointment as midshipmen at the Naval Academy, who took the recent mental examinations conducted under civil service regulations at the various stations throughout the country, 35, or a little short of 20 per cent, were found qualified.

GABRIEL PARES IS COMING.
SAN FRANCISCO, March 4.—The advent of the French single box often current year, Gabriel Pares, the conductor, is the most famous man in his line in France and, in fact, in all Europe. The play of his hand has been likened to that of a symphony orchestra. He is a musical authority and has written much valuable musical literature.

EDITORIAL

Apparently there are many readers of THE TRIBUNE who look over "Bowman's Bulletin" whenever it appears.

We judge this by the large number who call for the Special Sale items printed each week in this Bulletin.

It certainly must have proven profitable to watch these sales or the people would not follow them as they do.

If it is white for other folks to follow up our Special Sales, it would be worth while for you to do the same because the items advertised cover the requirements of all kinds of people.

For example, tonight we advertise handbags for the ladies, shampoo, shirina, and shaving brushes for the men, shaving cream for the children, toilet soap, wa-h-ras, and ammonia for the household.

There is always something of interest to every one who will read these items over carefully each week.

A SOAP SALE TOMORROW

A month or two ago we advertised a "special" soap sale in which we offered our 10c Military Toilet Soap at 6c.

This is one of the most satisfactory toilet soaps we ever sold. Our customers have purchased thousands of cakes of it at ten cents and everyone is always well pleased with the investment.

LET US SHOW YOU HOW TO TAKE PHOTOS AT THE FAIR

The Night Illumination Can Be Taken With A Kodak

Next time that you are down town be sure to see the Kodak enlargements in our windows of the Exposition pictures taken at night.

While the Fair is open every one should take advantage of the opportunity to take snap shots of the grounds and features of interest.

Remember, a year from now you'll only have the memory of this great Dream City and as the years roll by your 1915 Panama-Pacific snap shots will be treasured more and more.

For example, wouldn't you enjoy looking over tonight, fifty or a hundred pictures taken at the Chicago Fair 20 years ago picturing your friends at the points of interest of this old exposition? Wouldn't some photos of

SIXTY-THREE HAND BAGS TO BE SOLD TOMORROW AT 98c EACH

You'll Probably Have to Come Early. But It Will Be Well Worth the Trouble.

Tomorrow, beginning at 8:30 a. m. we are going to sell \$2.50, \$3.00, \$4.00 and \$5.00 velvet hand bags for 98c.

There are sixty-three bags in the lot. None will be delivered and no telephone orders will be accepted.

They're all in good style, in perfect condition and in every way desirable. Some have single and some double handles. Practically all of them are fitted with coin purses and mirrors.

We cannot guarantee that they'll last over an hour after the sale starts, although they may possibly last all day. This is

TIME TO SPRAY ROSES

The little green bugs that are now on your roses are not as green as they look. They're smart enough to get the best of the roses and if you are not smart enough to get the bugs off'll have no roses.

Bowman's Rose spray gets them every time. 25c a bottle. Guaranteed not to hurt the roses although we cannot say as much as far as the bugs are concerned.

S. F. "COP" IS "EXILED" TO FOGGY SIBERIA

SAN FRANCISCO, March 4.—Because it is claimed he answered his superior officer in an impudent manner when questioned regarding the alleged operation of a saloon keeper in violation of the law, Patrolman George W. Clark was transferred from the Central to the Inside station this morning.

Captain Henry Gleason and Lieutenant Green, touring the Tenderloin district, discovered a bar room open after 2 p. m. in violation of the law. Clark was on his beat near by and on being asked about the matter responded, according to Gleason, to the effect that he could not be held responsible for everything that was happening in his territory. Chief White was informed of the alleged insubordination and Clark's transfer to the fog belt resulted.

Other police changes today were: Patrolmen Richard C. Jones, Include to Central; Earl R. Moore, traffic squad to Central; Thomas R. Smith, traffic squad to Ingleside; Neil S. Stoll, Ingleside to traffic; Waverly L. Wadham, park to traffic squad.

WOUNDED MAN FOUND IN RICHMOND FREIGHT CAR

SAN FRANCISCO, March 4.—Waylaid by two thugs, shot in the chest and thrown dead in a box car, William L. McCulliff was found this morning in a semi-conscious condition. John F. Day of 17 West Bissell avenue, Richmond, a switchman for the Belt Railroad discovered McCulliff who lives in Porterville. He was hurried to the Harbor Hospital where Dr. Robertson dressed a punctured wound of the cheek. McCulliff declared he had been robbed of \$25. He told the officers the assault had occurred last night and that he remembered nothing until Day discovered him at 4 a. m.

FRICK APPEALS FOR OPINION ON RULING

County Superintendent of Schools Frick has asked District Attorney Hynes for an opinion as to whether a declaration of citizenship allows teachers, who have not become naturalized, to hold positions in the public schools. A recent ruling of Attorney General Webb was to the effect that only Americans can teach in California schools and the matter is indefinite as affecting the situation in this county as well as in others. There are about twenty alien teachers in Alameda county under contract at the present time.

TINES ARE REMITTED.

By Associated Press.
WASHINGTON, March 4.—Six thousand dollars deducted from the salaries of representatives in congress absent during the closing days of the last session, was restored to the absentees by a resolution adopted last night by the house.

NEEDLES AND PINS IN THE BLADDER

Do you feel tired and "worn-out"? Are you nervous and irritable? Don't sleep well at night? Have a "dragged out" unrested feeling when you get up in the morning? Dizzy spells? Bileous? Bad taste in the mouth, backache, pain or soreness in the joints and abdomen? Severe distress when urinating, bloody, cloudy urine or sediment? All these indicate gravel or stone in the bladder, or that the poisonous microbes, which are always in your system, have attacked your kidneys.

You should use GOLD MEDAL Haarlem Oil Capsules immediately. The oil soaks gently into the walls and lining of the kidneys, and the little poisonous animal germs, which immediately attacked and chased out of your system without inconvenience or pain. Do not delay a minute. Go to your druggist and insist on his supplying you with a box of GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you will feel renewed health and vigor. After you have cured yourself, continue to take one or two capsules each day so as to keep in first-class condition, and ward off the danger of future attacks. Money refunded if they do not help you. Ask for the original imported GOLD MEDAL brand, and thus be sure of getting the genuine. Guaranteed and sold by The Owl Drug Co.—Advt.

BUILDS DREADNAUGHT.
By Associated Press.
GENOA, via Rome, March 4.—The building of the new Italian super-dreadnaught Marc Antonio Colonna, was begun yesterday. The new warship will have a normal displacement of 20,000 tons. She will carry eight 15-inch, sixteen 6-inch and twenty 3-inch guns.

Commerce Prosperity's Foundation.

"Take a look at the boy," wails one of the special pleaders for abandoning our world's trade lest we become involved in trouble abroad. "How would you like to have that boy sent out to shoot some other boy for no other reason than that in its desperation to win a terrible struggle some European power sunk a ship owned by some wealthy ship owner, together with the cargo which some trader hand sent to Europe in order to gain big profits for himself."

"The life of that boy is daily being placed in more peril by the big shipping interests by the pressure on this government to compel it to fight for trade. * * * Is it heresy to say that your boy's life is worth more than a shipload of copper? Nothing is in peril except the profits of shipowners and traffickers in merchandise. Why not change the viewpoint of national rights and dignities. Take a look at the boy instead of at a few bales of cotton or a few crates of sardines."

These are excerpts from an editorial in the Stockton Record criticizing Former President Taft for asserting that one of the first obligations of this government is to protect its commerce. They are fair samples of the flub-dub printed daily in many sections of the country. The special pleaders for peace are engaged in a propaganda of silliness never before indulged in and for which there is not the shadow of an excuse. This country is not going to have war—right now at any rate. There is no nation not engaged in war that wants to fight us and no nation so engaged that can afford to provoke us to fight. Right now the United States is the pantry of the world and because of that condition no alien government will start trouble with the keeper of earth's commissary department.

But because we are in no danger of war is no reason why we should abandon rights long established and confirmed by international law. On the contrary there is every reason why we should insist upon the preservation of such rights. We are here to supply the peoples of other lands with necessities, and it is not only our right, but our duty to ourselves to demand that our legitimate commerce be uninterrupted.

Light headed and fanciful persons may theorize, may draw comparisons such as have here been noted, but that does not alter the fact that commerce is the basis of our prosperity and to imperil that prosperity by the adoption of a policy that would curtail trade means disaster. Presuming the advice of these theorists accepted; presuming our ocean carrying trade abandoned, what would result? Thousands of men engaged in shipping in all its branches out of work. Railroads which haul the products of farm, mine and mill to the wharves affected and forces materially reduced. Manufacturing plants closed down for lack of work. Trade paralyzed, streets filled with idle men. How about "that boy" in such times? Who will feed him, or supply necessities for his baby sister or brother?

Talk of slaughter of men on battlefields! Results in New York City alone during times of idleness and panic have shown that infant mortality due to lack of ability to obtain milk supplies alone has caused the deaths of thousands and tens of thousands of infants. That stagnated business has increased the death rate in congested centers all over the country to proportions appalling in character. Yet in the face of facts established beyond dispute we find persons with balloon juice for gray matter, advocating the impossible, suggesting ideas more erratic than old Don Quixote ever dreamed in his wildest hours of hallucination, and for what? Merely to make themselves heard. There can be no other reason assigned.

In common with the rest of American humanity we love the American boy and the American girl. They are the hope of their nation, the men and women of tomorrow. We deplore the thought that any of the growing lusty youngsters of this time should perish on the battle field or go down with the ship in the great deep. But what's the use of setting up an enemy of straw and fighting it by a method that would condemn to an untimely death the infant in his cradle or cause the children to wait for food when food there was none to be had?

Abandon this sort of argument. It is unnecessary, it is ill-timed, it has no sound basis on which to rest and is the plea of foolishness.

The Colonel declares that in case of war he wants Congress to authorize him to form a division of cavalry along the lines of his old regiment of rough riders, and promises that himself and four sons will be first to enlist. The Colonel will not be happy until he gets to be a major-general.

Arizona's house of representatives, disregarding the protests of its lady member, has decided that the members may smoke during the eleven days of the session remaining. Gallantry has its limits when tobacco is involved.

Washington's Juvenile Criminals.

Four thousand boys and girls have been branded by the juvenile court of Washington, D. C., as criminals since 1907, and the record against them will be permanent unless Congress takes action to eradicate their convictions. This discovery was recently made by Attorney-General Gregory, who asked Congress in its closing hours to enact a new juvenile court law to the end that reforms might be instituted and the stain on the names of this army of youngsters be removed.

It appears that under the law as now administered all children brought before the juvenile court of the district are formally placed on trial and must be dealt with as criminals. When found guilty of the charge made, no matter how trivial, judgment of conviction must be entered, thus making the permanent criminal record. Because of these judgments, unless Congress acts, none of these boys and girls can ever perform jury duty, hold public office or enter public service.

To say the least this discovery is startling. That such a system should have obtained for seven years in the capital city of the nation is almost beyond credence. Few boys or girls are criminals at heart and most of the offenses against juvenile law are not offenses per se, but merely a symptom indicating a lack of opportunity for working off surplus energy. Lack of opportunity for legitimate play or exercise is usually the reason why the boy or girl gets into mischief. As a rule all acts of a character calculated to bring them before a court are the result of impulse and not deliberate in intention.

The attorney-general's request for expunging the convictions and the enactment of a new law should be heeded, and Congress will do well, in the face of the number of convictions in seven year's time, to take some steps calculated to enlarge the amusement facilities of the city. It might with good result more sharply define juvenile offenses also, for, truth to tell, juvenile court laws are too often formulated and too often administered by men and women, who never having been children themselves, or having been such have forgotten their childhood days, treat the pranks of young persons with too grave consideration. The principle of juvenile courts is a good one, but in its application many evils creep in, and to guard against such the rights of the child ought to be more definitely fixed.

The allies are now engaged in an effort to put the hell in Hellespont.

Just as we had learned to spell Przemyśl they spring a new one, Przassanyz, on us.

If old Xerxes could witness what is taking place around the channel he tried to curb by throwing fetters on its swelling tide, what a surprised person he would be.

Billy Sunday is reported as having said that nothing can turn New York City from its wicked ways. Those Gotham ministers who have been trying to induce Sunday to hold a series of revivals in their city will please take notice and raise their bid.

OUT TO PASTURE

BY THE OAKLAND TRIBUNE CARTOONIST.

TWENTY YEARS AGO TODAY

Three of the directors of the San Francisco and San Joaquin Valley Railroad visited Oakland to inspect the terminal location on this side of the bay. The party consisted of Claus Spreckels, W. F. Whittier and James Watt. The party was under the guidance of J. S. Emery. The pupils of the high school and the higher classes of the grammar schools were given an unusual treat in the form of a lecture by Frederick Warde, the eminent tragedian, on Shakespeare and his plays. Warde delivered the lecture at the request of Superintendent of Schools McClintock. The First Congregational church was selected as the place for the gathering, and hundreds were turned away. During the course of the lecture Warde gave many selections from the plays, and his recitals were not a small part of the enjoyment secured from the lecture. He quoted freely from the great masterpieces of the poet and held the most intense interest of his large audience to the end. At the conclusion of the lecture, Warde was presented with several beautiful floral tributes.

The Young Men's Christian Association will inaugurate a new series of addresses to men only under the general topic of "Danger Signals." The various subjects to be discussed are: "The Solon," "Sabbath Desecration," "Avarice," "Delay," and "Unbelief."

A charming party was given by Mr. and Mrs. P. L. Bassett to their many friends at Jeffers hall, Fruitvale. Among those present were Mr. and Mrs. J. K. Jeffers, Mr. and Mrs. F. O. Irwin, Mr. and Mrs. J. Barnard, Miss Annie Sherman, Miss Maggie Bassett, Miss Lettie M. Bishop, Miss Leila Richards, Miss Iola Hawley, Walter Harrington, Fred von Duren, J. H. Broadway, Jessie E. Steers, George Coolidge, S. J. Beall, and Duke Jeffers.

Golden Rule Encampment No. 34, Order of Odd Fellows, celebrated its twenty-fifth anniversary with a silver jubilee banquet in the Gaiety. A number of sister encampments were invited to participate.

Where the Cheese Was.

"I am so sorry, Mr. Portly," apologized the hostess to her unexpected but influential guest at dinner, "but I have no cheese in the house."

"Pray do not mention it, Mrs. Phipps," smiled the genial old boy. "I am sure."

His little compliment was interrupted by the appearance of the small son of his hostess at his side, bearing a piece of cheese upon a plate.

"Well, now, that is very kind of you, little man," he said, as the child stood there, delightedly watching him swallow the bit. "You knew more than mother that time. Where did you find the cheese?"

The youngster intently watched the last morsel disappear before he answered. "I found it in the rat trap," he proudly asserted.

OUR OLD FRIEND SLEEP

One of the strangest of human conditions is that called sleep, yet not one of the millions who sleep know anything of the physical change from life to the almost death that is called by the name sleep. One of the most beautiful expressions in any language is that of the Germans when they say to each other at Parting, "Sleep well." The same thought has come through the ages. It is all an expression of that which in life is the closest to death. After life's fitful fever the sleeper well, was said of one of the great ones of the world. Possibly nothing has been said of life and all of the beauties of the condition called life as beautiful as has been written of sleep.—Chicago Tribune

Optimistic and Otherwise

Pasadena's Star indulges in the following grave observation: "The primitive horse had three toes, scientists have discovered from fossil remains. But there was no automobile to race over the toes of its aborigine equine."

SPECKELS, THE PRE-HISTORIC.

San Diego's Union uses the following caption for a cut: "Grace Darling, Movie Girl, Studies Pre-Historic Man." The picture shows Miss Darling and John D. Spreckels looking at a pipe organ at the Southern California Exposition.

GOODBY, "WILLIE GREEN!"

George E. Garrett, good old soul that he was, sporting writer of olden days and modern days, employed on many leading newspapers west of the Missouri, better known as "Willie Green," his nom de plume, is dead at his home in San Diego, where he went following the change of the old Morning Call to the afternoon field. "Willie" was a jovial old chap, full of sunshine and optimism, and in the darkest hours of his adversity never lost that air of infectious bon homie that made him a favorite in every place where he worked. For forty years "Willie Green" was known for his articles on pugilism and other sports. He witnessed most of the famous battles of his time and had the history of events at his finger ends. But that wasn't all. Bless you, no. "Willie" was a bit of a poet, considerable of a humorist, a good all-around man in other essentials, and he knew the game of a newspaper office from A to Z. He had nerve, too, and could bear suffering. Few of his associates realized that for a long time "Willie" knew that his end was coming, due to a complication of ailments distressingly painful. But he never quit smiling and worked as long as human endurance would permit. Green be the turf above him and may his pillow be soft and his slumbers pleasant, for he died with his harness on, like a good soldier, in the newspaper fight where men pass out that way in preference to being relegated to the scrap-heap.

EDITOR RESENTS ATTACK.

The editor of the Arizona Ace tells the whole story in the following paragraph: "The miserable miscreant who assaulted us in the dark last night, using a club, naturally failed of his dastardly purpose. His work was entirely rudimentary, vulgar and coarse. We are indifferent as to whether we die with our boots on or off, but as we are living the intellectual life and making money at it too—we have a pardonable pride in wishing to shuffle off—if the shuffle is squarely up to us—with our brain bag pristinely intact."

SALLIE WADDLES, ABE'S AVERAGE.

Miss Sallie Waddles was up from Fairfax the first of the week, visiting friends. While it's true that Sally waddles, she's a very nice girl and good to her parents.

Abe Henderson's batting average is .333. He takes one square meal each day with his wife's folks.—Ponce, Ok., Democrat.

WHAT DID GROUNDDOG DO, ANYWAY?

"In the light of the balmy weather we're havin'," remarks Dod Gastit, the Piedmont philosopher, "I swan to man I've clean forgot whether the groundhog saw his shadder last Candelmas Day or not."

REAL WONDERS OF WORLD

Greater point has been given in the last few years to the phrase that "time changes" than in a number of centuries preceding the present era. When a man speaks of the wonders of the world it is only he who is steeped in the classic or the ancient lore, or who would show that he has read of the remote past, who thinks of those wonders of the world as the pyramids of Egypt, the Pharos of Alexandria, the hanging gardens of Babylon, the temple of Diana at Ephesus, that statue of Jupiter by Faidra, the museum of Artemisia and the colossal statue of Rhodes. It is only a certain type and rather a rare type of the scholar who includes as among the wonders of the world the colosseum of Rome, the catacombs of Alexandria, the great wall of China, the stonehenge, the leaning tower of Pisa, the porcelain tower of Nanking and the mosque of St. Sophia in Constantinople.

The modern world has the greatest wonders of all the ages of the world and it would be impossible to restrict the number of these wonders to seven, but if men were compelled to compress the marvels of the age into so small a number as seven they would probably name the wireless, the telephone, the aeroplane, radium, antiseptics and antibiotics, spectrum, analysis and X-rays. The microscope and the telescope would be named by many men as wonders, in themselves, but the means by which greater wonders were revealed. Many of the world the photographic camera, the telegraph, the phonograph, the dynamo, the electric light, the typewriting machine, the machine that adds figures, the gasoline engine, the rotary press and many other inventions that have brought about a revolution in the conduct of the affairs of the world.—Washington Star

WHY MOVIES SUPPLANT DRAMA

Discussing the marvelous development of the movies and its educational effect Mrs. Ella Flagg Young expresses this opinion: "We need be careful not to cultivate the eye too much and the ear not enough. I believe that one reason why the moving picture is supplanting the drama is because our ears are getting dull and we don't understand what the actors are saying."

That may be one reason, but it is not the chief one. Yet it is very statement conduces to sober reflection concerning the ear, the eye and the modern development of dramatic art.

The price of admission is the first fact in the growing attractiveness of the movies, but, that aside, there is potent attraction in the realism presented in the movies that is absolutely impossible of presentation on the regular stage. In that there is a steadily growing public taste for the depiction of action rather than the reading of noble and poetic sentiment in musical words. In the artistic and the cultural sense, is this tendency a loss or a gain?

Those who have been charmed by the rich and exquisite intonation, by which histrionic celebrities of a generation past have given strength and beautiful color to the passions they expressed will say that it is a loss. But whether it is a loss feared to extinguish elocution in dramatic art, is another, and as many people may say, a remote question.

ST. PATRICK'S DAY PLANS PROGRESS

Oakland Committee Taking Active Part in Arranging Great Exposition Fete.

With Oakland committees taking an active part in the preliminary arrangements, plans are fast being rounded out for the great St. Patrick's Day celebration at the Panama Pacific Exposition. Large delegations of Irishmen from the South will journey to the bay region to take part in the elaborate exercises and the affair will be coast wide in its interest. Fifteen subcommittees are handling the affair, besides special committees in each town formed to arouse interest in the work.

J. J. Cox, E. J. Murphy, Danl. Murphy, John Toel, T. J. Deane, M. White, Thos. Crowley and other speakers addressed the local committee of Irishmen organized to make a great success of the Irish festival on Ireland's Day, March 17, at the Exposition. The gist of the remarks was that San Francisco was anxious for the help of her sister city, Oakland for St. Patrick's Day, and Oakland would respond nobly. J. J. Cox outlined the varied program, which will be delightful from start to finish. The festival hall program will be by famous stars, such as J. E. C. Clarke, Thomas Egan, the favorite Irish singer, grand organ recital, oration and other special numbers.

The athletic contests will be another exciting program, starting at 2 p. m. under the direction of the Olympic Club. The Oakland sub committee, in direct touch with Exposition in the work is composed of the following:

John J. Cox, John F. Mullins, Herbert T. Quinn, James Garland, John J. McDonald, Judge Joseph J. Quinn, Judge W. H. Donohue, Joseph A. Kennedy, William J. Hayes.

DIRECTOR OF EXHIBITS
DINES EXPOSITION CHIEFS

SAN FRANCISCO, March 4.—Captain A. C. Baker was host last night to an elaborate dinner at the Palace, in honor of the Exposition chiefs. Among the guests were:

Dr. F. J. V. Skiff, director in chief.
Captain A. C. Baker, director of exhibits.
H. D. Cennick, director of concessions and admissions.
George Hough Ferry, director of exploitation.
J. E. D. Trask, chief of fine arts department.
Thomas G. Stallsmith, chief of agriculture.
George W. Danforth, chief of machinery.
Charles E. von Bornfeld, chief of names and metallurgy.
Charles H. Green, chief of manufactures and various industries.
Theodore Hardee, chief of liberal arts.
Bivthe H. Henderson, chief of transportation.
Daniel O. Lively, chief of livestock.
Alvin E. Pope, chief of social economy and education.
George W. Kellam, chief of architecture.
Rodney S. Durkee, comptroller.
George W. Balley, chief of the electrical department.

GRAND PRIZ RACERS TO
GET PRIZES TOMORROW

SAN FRANCISCO, March 4.—Gathering at the Fountain of Energy, the men who made California automobile history last Saturday at the Grand Prix race will tomorrow receive the Exposition's "Iron Cross." Every man in the race will receive a bronze medal and the five place winners will divide the prize money. Darius Resta, the winner of the race, will take the cup. The cars will pass in parade through the Filmore street entrance, and Referee L. F. Lowe will make the presentations.

MRS. VANDERBILT TO CROWN VICTOR

Wife of Donor of Prize Wires From Nebraska Accepting Honorary Box.

SAN FRANCISCO, March 4.—Mrs. W. K. Vanderbilt Jr., wife of the donor of the Vanderbilt cup, which originated the famous automobile races, wired the Exposition officials this morning accepting their tender of a box for Saturday's contest. Mrs. Vanderbilt will be on hand and her box will be next those of President Moore, Governor Johnson and Mayor Rolph.

Mrs. Vanderbilt received the invitation to be present while she was speeding through Nebraska, and the following wire was sent by her today from North Platte: "Many thanks. Will be delighted to have box for Saturday's race. Virginia Vanderbilt."

Arrangements are being perfected to have Mrs. Vanderbilt crown the winner with a laurel wreath and she will later present the Vanderbilt cup and trophies to those entitled to them.

W. K. Vanderbilt Jr. donated \$5000 as the main trophy for the races. This morning nearly every one of the 30 odd drivers made the circuit of the race course at 7 o'clock. An early start was postponed by reason of the wet condition of the track. After an hour's practice racing the drivers notified the Exposition management that with fair weather on Saturday they intended to speed up on the curves. They ask, therefore, that spectators standing at the curb be kept back from the ropes so they were going to take chances and did not want to strike anybody. The rule provides that onlookers must stand 15 feet back from the wires, and this will probably be enforced.

MOORE TO REST FROM
ARDUOUS SPEECH MAKING

SAN FRANCISCO, March 4.—When a man has made on an average of three speeches a day for two weeks, it's time to take a rest. So declares President C. C. Moore of the Exposition. This physician concurs. Moore has spoken at virtually every dedication held on the Exposition grounds. He left today for Paso Robles for a week's rest from his arduous vocal duties.

Five hundred representatives of the Eastern Star order arrived today from San Jose, coming in a special train. A dinner at the Inside Inn was one of the features of their stay.

Yolo and Contra Costa counties will descend on the Exposition in force March 28, when at the dedication of their exhibits they will hold special ceremonies. Three special trains will bring in the crowds, with bands and singing societies.

March 19, which has been designated as "Chamber of Commerce Day," will see San Francisco boosters out in full force.

DUEL MAY PROVE FATAL

SAN FRANCISCO, March 4.—Challenged to a duel with fists in a vacant lot on Columbus avenue, near Jackson street this morning, Manuel Sotomayor, a devotee, of 1532 Powell street, was stabbed in the back while he was struggling with his opponent. Sotomayor met two men in a pool room and while walking with them, quarreled over the war and when the quarrel was flung at him accepted a proposition to fight it out. A crowd collected and some one took a knife into his back. He was taken to the Harbor Emergency Hospital.

Nine out of ten arguments against the Exposition have been based on error or deliberate mis-statement. If you want to give the reputation of your county a fair show, ask some one who knows the facts.

TAKE APART GRIM SHELLS AND BOMBS FAIR HANDS DEFY DEATH TOOLS SHOW THE PUBLIC 'HOW THEY'RE BUILT'

MISS KATHERINE PEDEMONT AND ONE OF THE GIANT PROJECTILES THAT ARE PART OF SWEDISH EXHIBIT.

SAN FRANCISCO, March 4.—The hand that rocks the cradle can also whistle a stick of dynamite—and does it, too, in the explosive factories of far-off Sweden. Wherefore pretty girls are toying with tools of death in the Swedish palace at the Exposition, and fair feminine experts take apart great shells and bombs, to show the public "how they're built."

Pretty girls toy with fulminate caps and lyddite, maxinite and dynamite with immunity, and the feminine minds have grasped the intricacies of the largest projectiles.

"A woman's mind seems more capable of solving the puzzles offered by high explosives than man's," declared Edward Hull, local gunpowder expert, after a visit to the Swedish palace. "Probably it's because she's more inquisitive. One has to be inquisitive to monkey with a stick of dynamite."

In the meantime Miss Hilda Skjerson and several others are taking shells apart. But—this is the secret of it—they're perfectly safe, because the dynamite is really sawdust and the lyddite and maxinite really rosins.

EXTRA PRIZE PUT
UP FOR CUP RACE

Purse of \$500 to Go to Driver Beating the Best Previous Record.

SAN FRANCISCO, March 4.—An extra prize of \$500 for the driver beating the best previous record on a Vanderbilt cup contest, was hung up today as an added stimulus for the men in the big contest on the exposition grounds Saturday.

The prize is offered by the Associated Oil Company, and predictions are freely made by the drivers that it will be won, despite the fact that the Vanderbilt cup has produced some of the fastest records in automobile in the past few years.

The drivers all declare that there will be no comparison between the Vanderbilt cup contest and the Grand Prix race. Given a better track and no rain, they declare, with their present knowledge of the track, which many were entirely strangers to in the other race, they predict at least an average speed of seventy miles for the whole distance.

Preliminary trials every day have speeded up the travel. Inventors of the "ray bumper" turn last evening used it to considerable advantage and declare that while it can't be worked on every lap it will undoubtedly come into use in a sport or so while the contest is on. This trick consists of a driver "skidding" into a turn, hitting the ray bumper purposely, and thus making his turn without cutting down his speed.

Borman made a few 5-45-5 mile laps on the track yesterday, and Thompson and a number of others have passed the mile a minute mark in the practice runs. Special new tracks in case of rain are being prepared for the drivers to eliminate another difficulty of last week if the same conditions arise.

A Smooth, Hairless
Skin for Every Woman

(The Modern Beauty)

With the aid of a plain delatone paste it is an easy matter to rid the skin of unsightly hairy growths. The paste is made by mixing some water with powdered delatone. This is applied to the hairs not wanted and after 1 or 3 minutes rubbed off and the skin washed, when every trace of hair will have vanished. When you go to your druggist for delatone, be sure you get the genuine article.—Adv.

Tomorrow's Exposition Program

9 a. m.—Gates open.
9:15 a. m.—U. S. Marines' guard mount in front of Massachusetts building.
10:30 a. m.—Santa Clara county dedication, California building.
11 a. m.—Lumbermen's day, House of Hoo Hoo, Forestry Court.
12 noon—Concert, court of the Converse, Thavus and his band.
12:30 p. m.—Organ recital, Festival Hall.
2 p. m.—Concert by Creator and his band in band concourse.
2 p. m.—Dedication of Portuguese pavilion.
2:30 p. m.—Concert by Philippine Constabulary band, Philippine pavilion.
3 p. m.—Aerial flight by Lincoln Beachy at the Marina.
3:45 p. m.—Illumination of Exposition grounds.
7 p. m.—Illumination of the Tower of Jewels.
7:30 p. m.—Concert by Creator and his band, band concourse.
7:30 p. m.—Concert by Thavus and his band in the Court of the Universe.
8:30 p. m.—Exposition orchestral concert, Old Faithful Inn.

EXPOSITION HAS DAY OF ACTIVITY

Two Dedications, a Congress and Several Concerts Round Out Program.

SAN FRANCISCO, March 4.—Two states, Washington and West Virginia, today dedicated their buildings, Santa Barbara, California, formally opened its booth in the California building, and demonstrations, the child's health congress and several concerts marked today's activities at the Exposition.

The Santa Barbara ceremonies took place this morning, the program, which started at 10:30 o'clock, being as follows:

Official band.
Parade to California building.
Presentation of commemorative bronze plaque by official of the Exposition.
Response by Supervisor Doulton.
Address by Mayor Smith of Santa Barbara.
Address by C. D. Hubbard of Santa Barbara Chamber of Commerce.
Address by Colin MacIsaac, secretary of Santa Barbara Chamber of Commerce.
Address by Frank D. Hunt, chairman of Santa Barbara Exposition Commission.

West Virginia's characteristic southern mansion, one of the most charming of the state structures, was dedicated with the head of the California West Virginia Society in the president's chair. The official program follows:

Chairman, Dr. D. Brandley Plymre, president West Virginia Society of California.
Official band, "America."
Message from Governor Henry D. Hatfield of West Virginia, G. O. Nagle.
Presentation of commemorative bronze plaque by officials of the Exposition.
Address by William Bailey Lamar, United States national commissioner.
Address by James Rolph Jr., mayor of San Francisco.
Official band, "Star-Spangled Banner."
Report of secretary of West Virginia commission, G. A. Bolden.
Address, Fred Paul Groscey, chairman West Virginia commission.
Official band, "Auld Lang Syne."

Reception in Ladies' Hall.
Extra Meeker, driver of the famous ex team, was prominent in the ceremonies surrounding Washington's dedication. It had been planned that he should fly with Robert Fowler and scatter souvenirs to the crowds, but, unable because of an accident to the aviator's machine to do this, he distributed the souvenirs on terra firma. The Washington dedication program is as follows:

John Schram, president of the state commission, will preside.
Vocal solo, Mrs. Edgar Barron of San Francisco, former resident of Washington.
Presentation of plaque by an official of the Exposition commission.
Address by William B. Lamar, United States commissioner to the Exposition.
Address by John Schram.
Address by J. W. Clise of Seattle, representing Governor Lister.
Address by C. W. Wright, vice-president of the Washington Society of California.
Music.

Reception, during which the Medasmes W. A. Holzheimer of Seattle and William Allen of Spokane will act as hosts.

The Oakland High School band played today at the Exposition, the program being as follows:

"America," march, "Post, Peasant and Light Cavalryman" (Fillmore); overture, "Lustig" (Kela-Bela); (a) Sextette from "Lucia" (Donizetti); (b) Caprice, "Whirl and His Dog" (Pryor); selections from Tannhauser (Wagner); trombone solo, "Asleep in the Deep" (Petri); Ross Mack, Technical High School; melodies of the Sunny South (Lampe); march, "The Victor" (King); "Star-Spangled Banner."

CITIZENS TO DISCUSS
SENATE BILL NO. 884

Members of Improvement clubs and various civic organizations from all parts of the city will meet at the Chamber of Commerce-Commercial Club, consolidated, tonight to discuss Senate bill 884, which, if made a law, will provide a way for Alameda county to form a metropolitan water district.

The bill has been introduced in the state senate by Senator Arthur H. Breed, and is designed to correct the inconsistencies in the Gates bill. At the discussion this evening, every clause of the new bill will be taken up.

Eugene Neuhaus Lectures

Prof. Eugene Neuhaus of the University of California will give a course of five lectures on "The Art of the Piano" at the Bell Club House 1110 Broadway. The lectures are open to the public and will begin on Friday afternoon March 5, at 7:30. Seven tickets one dollar.

JITNEY?

Since offering a cash prize for the definition and origin of the word "Jitney" we have received hundreds of answers from all over the county. Unfortunately the newspaper editors, university professors, coin collectors and other authorities have not been able to decide definitely the true origin of the word, and consequently we are not able as yet to make the award. In plain words, "we are up against it" in giving the prize. So we have decided to give the prize to the Associated Charities, and if at any time in the future a correct definition is decided upon by the newspapers we will give an additional prize for the correct answer, if contained among the ones that have already been submitted.

12TH ST. AT FRANKLIN.
CLARENCE BROWN, President. KING SPARKS, Cashier.

ADVENTIST BOOK MEN CONVE

MOUNTAIN VIEW, Cal., March 4.—Leading Seventh Day Adventists from all parts of North America are here to attend the bi-ennial convention of Home Missions and Church Extension, which opens here today and up to the 10th. Among those to attend will be Elder L. H. Evans, president of the general conference of the North American division conference; N. Z. Towner and W. W. Eastman of Washington, D. C., secretary and assistant secretary of the publishing department of the general or world conference of the Seventh Day Adventists; and J. H. Ball, secretary of the general conference of the Pacific Union conference; Claude Canale of Oakland, secretary of all the local churches of the Pacific Union conference; and J. H. Ball, secretary of all the local churches of the Pacific Union conference; and J. H. Ball, secretary of all the local churches of the Pacific Union conference.

The Pacific Union conference committee will hold a session at Mountain View, March 9, when the dates of the summer camp meetings for the eight conferences in this territory and the Nevada mission will be fixed. The annual meeting of the Pacific Press Publishing association, which furnishes the denominational literature for the entire western half of the

continent will be held March 8.
Motion pictures of paper and book making will be shown, the evening course continuing during the day. The subject, Recent trips through Europe and Cuba will be described by Elder Trow the evening of March 8. Among the subjects for consideration by the bookmen are:
Parcel post rates, plans for circulating foreign literature, better organization of magazine circulation, territory of second institutes and field agency efficiency.
The question of discontinuing the publication of denominational books in full leather bindings will be considered.

SNOW RECORDS BROKEN.
By Associated Press.
LINCOLN, Neb., March 4. — The Lincoln record for the winter here was 51 inches, according to the report of the local weather observer, after a heavy fall of snow throughout the night, which continued today. This breaks all official records for total snowfall for one season by five inches. The entire state is reported covered with a deep blanket.

PITTSBURGH, March 4.—That John Pardo, the young rancher who, after shooting Miss Anna Wilson of this city and killed himself, left word behind at Concord of his intention, informing friends that they would never see him again, and intimating that he planned suicide, was the declaration made today by the sheriff's office by several friends of the dead man in the neighboring town.

"She talked about me," declared Pardo. "I told her she would have to quit and then she said I'd better quit talking."

about her, too. I am going to settle it and you will never see me again."

Partado, who was a prosperous rancher of this district, accosted Miss Wilson, who is 18 years of age and had been engaged to him, at a local store, shooting her through the body and then quickly turning the revolver on himself.

and sending a letter through the post. He died instantly. Miss Wilson, who was hurriedly removed to a nearby hospital, will live.

"The shooting, according to the friends of the couple, was the climax of a dispute of some months' standing. Miss Wilson, who was a clerk in the store,

Where the shooting took place, told several of her friends of the quarrel. It is declared, and to this Furtado objected. When he appeared in the store last night they held an argument in which finally Furtado became angry and a heated quarrel ensued.

While men, women and children in the

store. Then Furtado stepped back from the counter, drawing his revolver, and, as Miss Wilson turned to run he opened fire on her. The bullet entered her left side and she fell unconscious. Furtado then quickly shot himself, dropping dead on the floor before the men in the store could reach and restrain him.

LIGHT-FINGERED CRAFT BUSY IN EXPOSITION CITY

SAN FRANCISCO, March 4.—When Thomas Stack of 10 Clay street felt a man's hand in his pocket as he stood in

The hypodocme dance hall this morning. He turned and seized Thomas Hansen, a laborer, who had his watch. The man handed it back to him, but he called the police nevertheless and Hansen was arrested and booked for grand larceny.

John Fitzgerald of 724 Capp street, went to sleep in a jitney bus between Webster and Duane streets and was

market and Powell streets and twenty-third and Valencia streets. When he awoke he found his watch, chain and pocket valued at \$100 had been stolen. He notified the Mission station.

WILL PAY STOCK RAISERS.

By Associated Press.

SPRINGFIELD, ILL., March 4. — A bill

appropriating \$1,500,000 for the reimbursement of farmers and stock raisers who suffered financial losses through the killing of their stock in an effort to check the spread of foot and mouth diseases was unanimously passed by the Illinois Senate today.

Men who pay on a \$500,000 assessment are in favor of the Exposition bonds. Men who pay on \$500 are against them. Can you figure it out? If voted, it will cost one an average of \$90 a year—the other an average of 9 cents.

In either case would you sell the good name of the county at the price?

EXPOSITION COMET APPROACHES EARTH

U. C. Astronomers Say Wanderer Will Be Visible in May.

Of special note about "A 1915" is that it will make a closer approach to the earth than is usual with heavenly bodies. It will be within 4,000,000 miles, or less than half the distance from the earth to the sun but, as it is moving rapidly southward, it will be seen for only a few minutes. A good glimpse of it by that time.

By the Middle of May, according to computations made here, it will be visible to the naked eye. It will be a conspicuous object to be seen with the naked eye.

The wanderer was discovered on February 18, by Miss G. H. M. who immediately wired his discovery to other observatories, where the scientists set to work on it at once. Professor Crawford and Miss G. H. M. are the discoverers. It is due to Harvard important facts concerning the orbit of the comet. They found it approaching both the sun and the earth at the present time and saw it rapidly recede in brightness. It will be 15 times as bright by June 1, as it was

**SUIT FILED TO FORCE
SCHOOLROOM PERMIT**

ALAMEDA. A resolution of the Board of Education is being considered to grant it the free use of one of the rooms in the Haight school. Alameda local of the Socialists has died out in the Superior Court of Alameda county acting for a peremptory writ of mandate. All the school directors have been served with summons to appear in Department of Education at the County Court on March 19 at 10 a. m. at which time the action will be heard.

Meetings were held by the Socialists for several days and it is claimed they did not pay the fines; the board has not compelled to pay the janitor and for the lights. Finally the board cancelled its grant to the local and the present suit is the result.

**ALAMEDA TEAM SHOWS
LARGE IMPROVEMENT**

Alameda High basket tossers have not contracted enough speed and stamina to rank with the victors, they have greatly improved, and in the game with Fremont showed up better than they have before.

to 12 and the game was played in the gymnasium. A large crowd of spectators and a band accompanied the Alamedans.

TO HOLD CONGRESS.
ALAMEDA, March 4.—The Recreation Congress, which will convene in the west, will hold a session in Alameda July 8 at the Haight school. Representatives will come from all parts of the United States, and many prominent educators will be among the members. The congress has been called by the Panama-Pacific Exposition and every mayor in the country has been requested to send delegates. Discussions will be held on all phases of the recreation situation.

SEEK EXHIBIT SPACE.

of the Alameda High school, upon being informed that their alma mater was to have display space at the Panama-Pacific Exposition, prepared a large ex-

hibit of their handwork in arts and crafts. The school has been notified by the commissioner general of the Exposition that Alameda High school will not be given space. The matter has been taken up with the commissioners of this county.

♦

INITIATION IS HELD.

ALAMEDA, March 4.—Island City Temple held a class adoption and a team from San Francisco put on the work. A large attendance was present, and many visiting members came from surrounding cities. All candidates were initiated and refreshments and a general good time followed.

ALAMEDA, March 4. — Rev. Frank L. Goodspeed of Oakland will next Sunday morning exchange pulpits with Rev. Herbert Thomson of the First Presbyterian

church of this city. Rev. Mr. Goodspeed is well known in Alameda and it is expected that a large congregation will greet him.

•

Communities, like individuals, have reputations. \$1,000,000 worth of prevention is better than \$100,000,000 worth of cure when we are suffering from the effects of defeating the Ex-

One and one-half cents per month on each \$1000 assessed valuation will save our reputation.

**DRESS WARM AND
KEEP FEET DRY**

ALL TELL DRY

Tells Rheumatism Sufferers to Take Salts and Get Rid of Uric Acid.

Rheumatism is no respecter of age, sex, color or rank. If not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are

double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts: put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to

Jad Salts is inexpensive, harmless and is made from the acid of grapes

and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.—Advt.

TIME IS HERE FOR CALIFORNIA TO GET IN LINE

Lee Demier Argues for Restoration of Sport of Kings.

Lee Demier, one of the best known racing authorities in America, has written here an intelligent and comprehensive article dealing with the possibility of restoring racing to California along safe and sane lines. Mr. Demier believes in the practicability of the pari-mutuel system of wagering and tells why.

During the heyday of racing at Emeryville Lee Demier was the racing expert of the OAKLAND TRIBUNE and his name was on everyone's lips. His success in obtaining inside information and picking the winners brought him a tremendous following. The following interesting article is written especially for THE TRIBUNE:

(By Lee Demier.)

With the management of the P. P. I. racing on a race meeting for the exhibition of thoroughbreds during the coming months, interest in the sport of kings has been revived.

Adolph Spreckels, one of the most noted thoroughbred breeders in the country, is to be in California. Rod Mackenzie, the millionaire railroad man and owner of some of the finest racing stock in the world, is another of the California sportsmen who is taking a deep interest in the prospect of the thoroughbred. Mackenzie is well known in Alameda county through his identification with the Pleasanton race track and breeding farm where the Alameda county fair is held annually. He has a wide following of influential men who believe that there is something more in the racing game than mere gambling feature. He is in favor of the pari-mutuel system of betting, feeling that no race meeting can be a success without the added speculative feature which is embodied in the pari-mutuel system.

Winfield, the Nevada millionaire and sportsman, has a noted breeding farm near Reno and with the return of racing under the pari-mutuel system, he would be in a position to take a large part of the state's racing business into his own hands. The gradual adoption by racing associations all over the country of the pari-mutuel system of betting has elicited evidence of the probable elimination of the present agitation against the sport of kings. The pari-mutuel system of betting is the only method of betting which is not a crookedness and is distinguished by both public and officials by an inspection of the betting system.

The pari-mutuel system has many advantages. Perhaps the prime and principal one is, all the money wagered is returned to the public less five per cent. Unlike the bookmaker whose figures sometimes represent as high as 40 per cent. retained by the bookmaker, the pari-mutuel system in this way a race meeting is not the drain on the public purse it usually is under the bookmaking system.

No one man or set of men glean a harvest by making prices and posting figures to suit themselves. The public is benefited by the pari-mutuel system in that the bookmaker's price is not a crookedness and is distinguished by both public and officials by an inspection of the betting system. The pari-mutuel system has many advantages. Perhaps the prime and principal one is, all the money wagered is returned to the public less five per cent. Unlike the bookmaker whose figures sometimes represent as high as 40 per cent. retained by the bookmaker, the pari-mutuel system in this way a race meeting is not the drain on the public purse it usually is under the bookmaking system.

These associations which have adopted the pari-mutuel system have not only benefited the public financially, but they have also benefited the public by increasing the confidence and respect of the public, but have been enabled to increase their purses to a figure most satisfactory to the public. Of late years it has been the custom of racing associations to cut purses to ridiculous figures, justifying the public by the statement that the income was insufficient to meet their advertised prizes, or as in Juarez, Butte, Anaconda, etc., the daily purses among the bookmakers, thus putting it up to gamblers to give the meeting.

Naturally, under such conditions, the sport deteriorates as the opportunity for questionable racing is not only enhanced but positively encouraged by those who have the purse. There is no denying that to give a successful race meeting the biggest part of the revenue must be derived from the pari-mutuel system.

Since the public has all to do and say and upon which the associations rely for revenue and revenue is the aim of every association to safeguard and protect its source of revenue against dissipation, the pari-mutuel system is a sound and safe method of betting and a higher level than it ever was and there is no aftermath of depression in the

He Will Face Sox Here Today

"DITCH" KILWATER, SCHEDULED TO PITCH FOR OAKLAND THIS AFTERNOON.

SOX-OAKS GAME STARTS TODAY AT 3 O'CLOCK

The famous Chicago White Sox and the Oakland Athletics will face each other this afternoon at 3 o'clock at the San Pablo street ball grounds in the first game of the March schedule. A big crowd is expected to turn out and welcome Tyler Christian and his new acquisitions. The teams will line up as follows:

Sox No. 2—Bergner, 2b; Blackburne, ss; Roth, 1b; Fournier, 3b; Demmitt, cf; Daly, rf; Breton, 2b; Kuhn, c; Walsh, p; Baber, p; Cicotte, p.

Oakland—Daniels, 1b; Manda, 2b; Middleton, cf; Ness, 3b; Lindsay, 3b; Arbogast, c; Kilwater, p; Albee, p; Bromley, p.

Manager Christian is going to introduce almost an entire new lineup. The infield, especially, has been changed. Jack Ness on first the whole outfit has been imported brand new. This Manda is well known as a former Beaver.

In the outfield are two Western Leaguers, Watson and Koerner. They are rated as pretty good players. In the middle of the line is Daniels, Middleton and Rubie Gardner.

SANTA CLARA VICTOR OVER STANFORD

STANFORD UNIVERSITY, March 4.—Santa Clara university came back at Stanford with a 2 to 0 victory in the second game of the series. Stanford won the first, 3 to 0.

The pitching of Hoover of Stanford and the fielding of McGinnis of Stanford were features of the contest.

Score:

Santa Clara..... 2
Stanford..... 0

Batteries—Reppy and Myler; Hoover and Landers.

BILLIARD NOTES

PHILADELPHIA, March 4.—R. M. Lord, the young Chicago player, defeated Edward V. Gardner, the title holder, 400 to 350, in last night's game of the class A 152 ball league amateur billiard championship tournament. Lord's high run was 34 and his average was 7 43-51. Gardner made a high run of 37 and averaged 5 35-51.

cities where extended meetings are held. The pari-mutuel system of betting combined with a State racing commission is the only hope for the continuation of the sport of kings.

With the game in the hands of a State racing commission and run on a legitimate business basis the State treasury through the medium of the pari-mutuel machine could be enriched by many thousands of dollars during the course of a racing season.

THIS OPPORTUNITY IS HERE.

This would be an excellent time for the coming session of the legislature to consider a safe and sane form of promoting a favorite sport.

Adoption of the pari-mutuel system of betting. This is a safe and sane proposition, the only safeguard ever invented for the protection of the public interest.

It is a simple proposition. For instance, ten horses are in a race. The public has placed \$100,000 in wagers on that race, spread over the board. In the old days the fellow with the race "fix" for his own money would rig the race to suit himself. This is a safe and sane proposition, the only safeguard ever invented for the protection of the public interest.

Suppose that in the pari-mutuel example above he tries to rig the race the same way. He wants to place \$50,000 down on one horse to win. In ordinary betting the right to place \$50,000 down is a favor. But now if he places it on his selected horse he is making fierce odds against himself.

If the \$100,000 bet is on the other horse he is betting \$50,000 against \$100,000 on one horse to win. Take out of that the State's five per cent. of \$25,000, the plunger is out just \$12,500 if his horse wins the race.

Ridiculous.

Why, of course, it's ridiculous. But foolish as it is, this example shows why the pari-mutuel system kills heavy betting and eliminates the crookedness. It incidentally eliminates the bookmaker. This adds enormously to the possibility of betting a few dollars now and then, for the sport of it, without having to wait ties going home.

There's no question about it, with the pari-mutuel system in force in this State, racing would prosper and the development of the American horse would keep pace with the development of the other countries.

Let us look at the real feature of the "iron men." They do not take a dollar from a race where racing is conducted. They bring to the track no undesirable element, for the incentive to influence betting is gone. They offer to the plunger no temptation to rig the race. They are the means of manipulation, for the history of all tracks where racing once flourished with the old system of wagering is replete with intrigue, frameups, jockey's brought under the influence of unscrupulous manipulators, and the what-not that has brought down upon the heads of gamblers and innocent alike the wrath of the community where the pernicious practices of the game under the old system have drawn the fire of the law.

The regret that go with the killing of the noble sport of horse racing are tempered with the thought that the return of the racing to a clean level, expurgated from the cause which led to its being banned, is in sight and the avenue is the pari-mutuel.

OAKS ARE OFF TO GOOD START BY BEATING U. C.

Collegians Wobble in the First Two Frames, Then Hold Christians Down.

(Special to THE TRIBUNE.)

PHILADELPHIA, March 4.—The Oaks got off to a third start yesterday when they defeated the University of California Varsity nine on the Pleasanton grounds by a score of 10 to 0. The college boys were wobbly in the first two frames, allowing the Oaks to score at their run, but after those fatal frames they put up a fight which was a credit to both teams.

Though, Prunty and M. Claire each hit three home runs and the Oaks did not have much of a chance. The Varsity team got off to a start in the first inning, when they scored two runs through two errors by Albee and one by Manda. After that, however, there were no errors and the Oaks had an interesting game throughout.

A lot of credit goes to Coffey, the college pitcher, who pitched a fine game. He pitched nine innings and allowed the Oaks only three hits and two runs.

One of Watson's hits was for two runs. Manda and Watson carried off the batting honors for the Oaks, each getting two runs. Manda's hit was for two runs. Watson was thrown out trying to stretch his hits on both occasions.

The first time Watson got out was in the second frame, when he was thrown out at second. The next time he was thrown out at third, Young to Clark to Gardner.

The Oaks did some good fielding after the initial frame, handling 11 assists. Since came in for his share by handling three hits and splendid support in the outfield. Also did some nice work, hitting nothing but home.

Christian in the line-up, another third baseman and shortstop in the sixth inning.

BROMLEY TO START.

Christian changed his mind about sending Prough against the White Sox tomorrow, thinking that the big pitcher was not in good enough shape. He was used in today's game and Bromley will go to Oakland.

Joe Devine made a nice running catch of Adair's foul in the sixth inning. He caught it after a hard run. Adair in turn caught Manda's foul in the seventh. Manda pulled off the hit and ran play to a nice fly in the first inning. After Daniels had walked, the signal was made and Manda hit it out for second. Manda hit a short single to right and Darryl was able to go all the way to the outfield.

Rudy Giamelli turned a complete sumo-sault when he ran into second and fell over Manda in the ninth inning. The game was over and the Oaks won.

SPROUL IS RELEASED.

"Ty Cobb" Sproul was given his release today by Manager Christian. Ty thought that he was not in good enough shape to play. When he left he told Don Lean that the work was too hard for him and he could not stand it.

Carl Manda visited the local skating rink this evening and showed the natives some fancy skating. After he had taken a couple of turns on the floor, the director of the rink wanted to hire Carl to teach him some fancy steps.

Carl Manda, who was out club for Oakland this evening, claiming that they wanted to get a couple of square meals to strengthen them for the game, the remaining ball players will leave for Oakland tomorrow morning.

TRAINING CAMP NOTES.

Baseball players of the American League, left Los Angeles yesterday on their return trip to Chicago.

The Sox No. 1 will meet the Los Angeles club in the south today. Chief interest of Manager Rowland is centered in Brown and Baker rival candidates for third base.

Charlie Hall of the Boston Red Sox has written letters much more for last year's season, and Dillon will probably use him.

Coleman, a young San Francisco catcher, has joined the Beavers in camp at Fresno.

Today was the first time the Beavers had really done any work. McCredie had sixteen men in uniform today at Fresno.

Pitcher Charles E. Smith, former Chicago Cub, joined the Los Angeles team at San Francisco. Smith's squad is now complete.

Pitcher Earl Yonke refuses to report to Salt Lake out of deference to members of his family who prefer to remain in Ohio.

Blankenship has released infielder McAvoy and Pitcher Steele.

Merrill Reed, Philadelphia infielder, returned his contract to Portland unsigned with the explanation that he would not report. He gave no reason.

Spider Baum, classed as a holdout, joined the Beavers at Boyes Springs yesterday.

The following Seals are now in the bay for tomorrow's game at the White Sox:

Pitchers—Charlie Fanning, Cy Ross, Wayne Barham and Johnny Couch.

Catchers—Walter Schmidt and Nig Clarke.

Infielders—Harry Heilmann, Jerry Downs, Ed Lear, Roy Corhan and Bobbie Jones.

Outfielders—John Fitzgerald, Patsy Bodie, Ed Schaller, Paul Mehan and Joe Tobin.

Trainer—Danny Carroll.

INTERCLUB TEAMS TO CLASH.

Two games are scheduled for play in the Interclub Baseball League next Sunday; the Kaloi Klub of Oakland meeting the Peninsula Club's team at San Mateo, while the Lallergo Club and California Grays are booked to play at Southside playgrounds, this city.

The annual meeting of the Pacific Interclub Yacht Association will be held on Monday next at 5:15 o'clock at the office of the secretary, H. A. W. Dinning, 22 Battery street, for the election of officers and a discussion of the racing rules for 1915 will be the principal business.

SHERWOOD MAGEE WENT.

MACON, Ga., March 4.—Sherwood Magee of the Boston Nationals left today for the practice field at Macon, Ga., where he probably will keep him out of the game for several weeks. A tendon in his right arm was torn loose.

BATTLING JOHNSON KEEPS HIS CROWN IN HARD FIGHT

Old-time Enthusiasts Cheer as Oklahoma Lad Wins a Tough Battle.

(By THE TIMEKEEPER.)

The amateur boxing star of the Wheelmen Athletic club played to a record crowd last night in prominent position and Oklahoma lad Johnson kept his crown in a hard fight.

Gene Van Court, Jack Perkins, Back Adams, Mel Moffitt, Lew Johnson, etc., were on hand to see the fight. Johnson, a native of Oklahoma, is a professional boxer and has won the big title, the Western professional saw the light.

PROBABLE LINE-UP OF 1915 ANGELS

Catchers—Brooks, Boles and Meek.

Pitchers—Hughes, Ryan, Check, Love, Permitt and one other.

First base—Bostein.

Second base—McMullin.

Third base—Metzger.

Shortstop—Euenmiller.

Utility infielder—Terry.

Left field—Ellis.

Center field—Waggett.

Right field—Wolter.

Utility outfielder—Meech.

One of the recruit pitchers, may develop into a regular. Galt and Housman have both been showing good form.

OUTLAW WILL BE TAKEN BACK

Catcher Hugo Keuper, who jumped the Birmingham Three-I club in mid-season last year and joined the St. Louis Cardinals, has been caught by that organization and now wants to get back with Birmingham. Clubs in the Three-I have taken an interest in Keuper's protest and the report is that Keuper will be given a chance with his old team, though he may not be because of the signing of other catching material that looks better.

BASKETBALL

The Fremont High School basketball team won their first game of the season yesterday when they defeated the Alameda High School basketball five by a score of 23 to 12.

The line ups: Alameda—Forwards, Le Lammer, Reo; center, Buben; guards, Gil, Cox, Eber, and one other.

Fremont—Forwards, Woolsey, Hopkin, Gardiner; center, Drew; guards, Wetzel, Manhardt.

Fremont's victory over Alameda places them in fourth place in the A. C. A. I. standing. They have but one more game

COMBAT PLAN TO RAISE RATES

Shippers and State Commissions Oppose Railroad Plea.

CHICAGO, March 4.—Attorneys for 41 western railroads seeking an increase in certain freight rates over \$5,000 miles of road began their argument today before Commissioner W. W. Daniels of the Interstate Commerce Commission. The increase asked for, according to the railroads, would give the roads involved about \$10,000,000 more revenue annually.

C. C. Wright, general solicitor for the Chicago Northwestern Railroad Company, appeared with bundles of statistics on behalf of all the roads, while Clifford Thorne, chairman of the Iowa State Railroad Commission, was prepared to oppose the application in the interest of various state railway commissions and many shippers. Thorne said among the organizations which would oppose the rate increase would be the American National Live Stock Association, the National Council of Farmers' Co-Operative Associations, the National Broom Manufacturers' Association, the Corn Belt Meat Packers' Association and several lumbering groups.

Thorne, in a preliminary statement to the commission, said the increases would be approximately 10 per cent and would increase the roads' revenue \$75,000,000 to \$125,000,000 annually.

No case between private citizens ever tried before this commission or before any tribunal in recorded history has involved such a stupendous sum of money as that which is at stake in this proceeding, said Mr. Thorne. "Though our investigation has not been completed, that which we have to offer will show conclusively as to representative railroad companies in this territory."

"That the credit of these western railroad companies is better than that of representative companies in any other line of business in the United States."

"That the depression of the past year was not due to freight or passenger rates, was not peculiar to the railroad industry, but applied to business generally throughout the world."

"That disregarding extremely prosperous and extremely lean years which come to all business, these western railway companies during recent ordinary normal years have earned more both gross and net per mile of line and per train than ever before in their history."

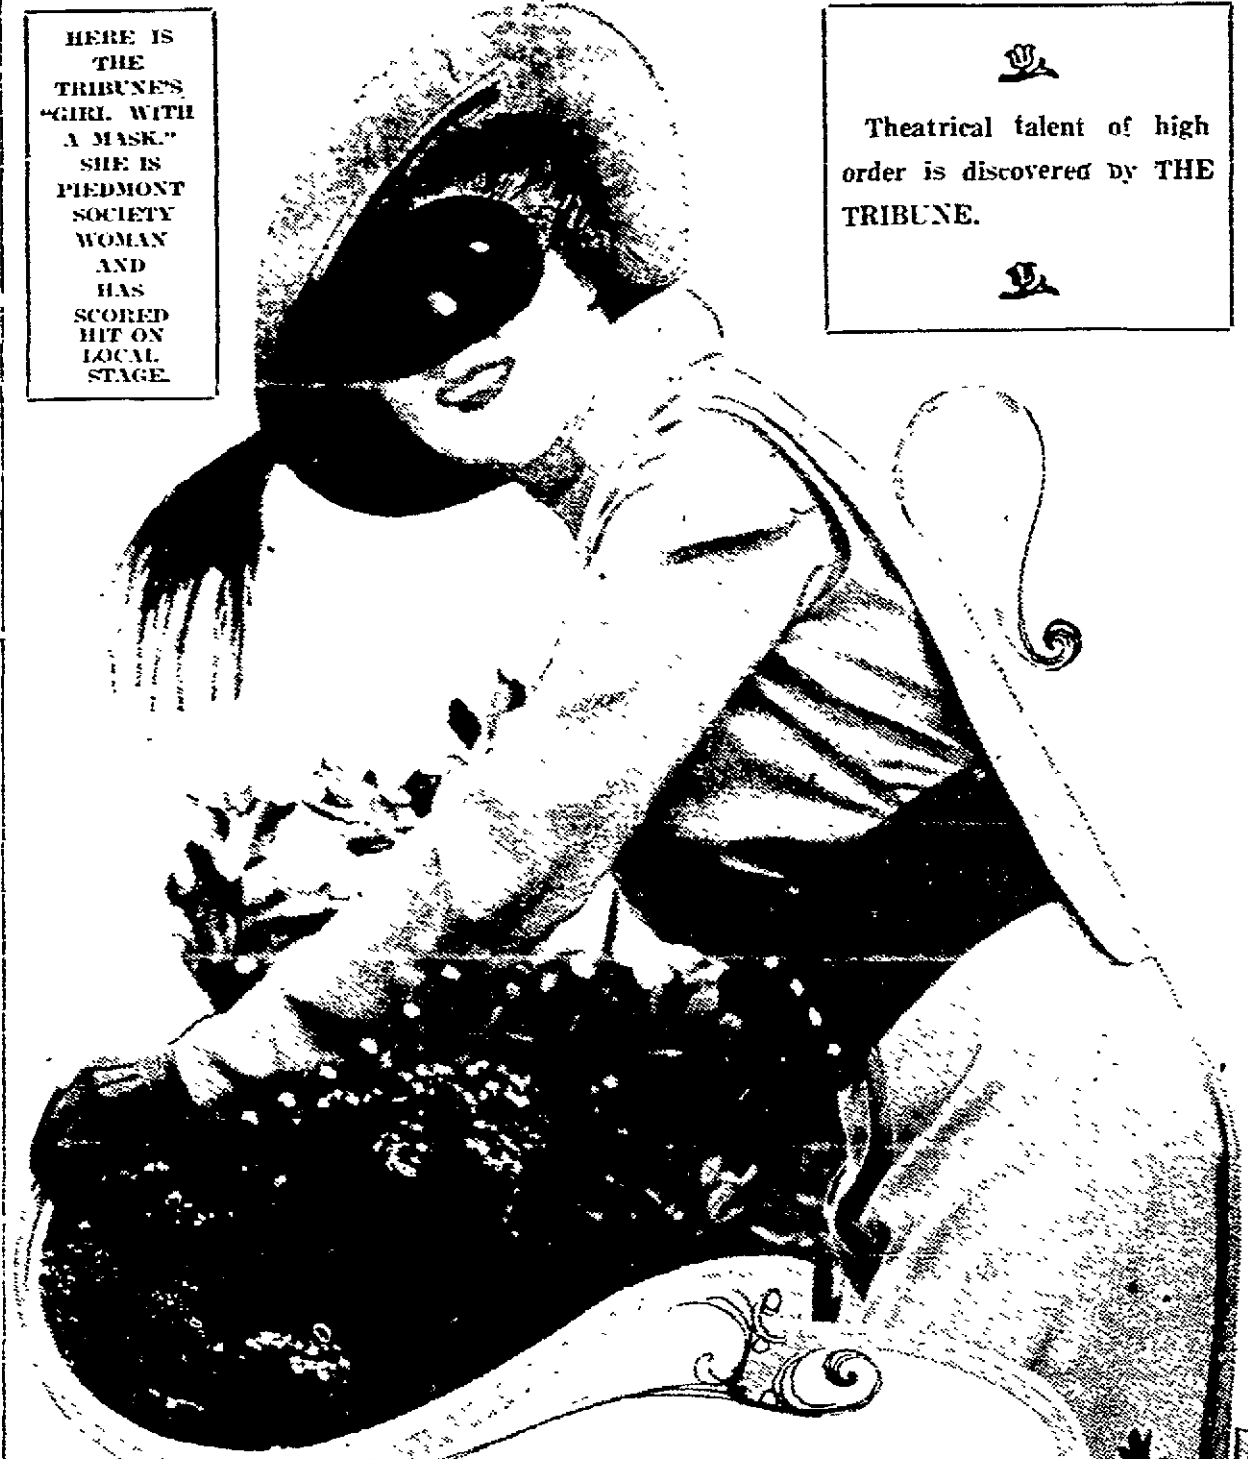

"That these companies have been able to maintain their properties during recent years at a higher standard than ever before in their history, and they have also set aside large sums of money out of earnings for betterments and improvements and outside investments, which should have been made from capital."

Thorne stated the issues in this case center around the one question: Who shall pay for the additions and betterments to railroad property? The public interest demands better service, safer transportation and improved facilities, but it also demands that the railroads themselves should provide these improvements and the public will then pay a reasonable return on their value. We want these betterments, but justice demands that we shall not pay for their construction and then pay an annual return to the railroads on the value of the improvements.

The first witness called to the stand was C. E. Schaff, president of the Missouri, Kansas and Texas Railway Company.

Schaff said the proposed increase would give the Missouri, Kansas and Texas road an additional revenue of \$450,000. He said the margin between the income and outgo has constantly diminished, until little revenue remains for the railroads.

MASKED GIRL FOOLS PIEDMONT MYSTERY IS TEA-TABLE GOSSIP

Society Trying to Learn the Hidden Singer's Identity

"Who is she?" That's what fashionable Piedmont is asking.

The Piedmontese have a deep mystery. They can't tell who it was that deserted their ranks for the stage. A little black mask is all that hides the mystery from them—and gossip over teasups and at bridge parties is rampant over the latest topic.

Some say it's one girl, some say it's another. The "girl with the mask" is the talk of the town.

The girl, a Piedmont society girl, who refused to give her name, applied for a chance to sing at THE TRIBUNE discovery night at the Orpheum, when California acts are presented in an effort to find and give opportunity to California theatrical talent.

She wanted to sing, she said—but her friends mustn't know it! Not a word must get back to Piedmont. She produced a black mask.

"I'll be a musical burglar," she said.

Pledged to secrecy, the management arranged for her appearance last Monday night.

As a result, "The Girl With the Mask," mysterious Piedmont maid, is the first of the discovery night acts to "make good." She has already been booked and will appear next week. She'll wear the mask—and no one will learn her identity if she can help it.

A society is trying to find an X-ray opera glass.

JITNEY BUS HELD UP BY BANDIT

Last Passenger Draws Revolver and Obtains \$20 From Driver.

RENO, Antonuccio, a jitney bus driver, living at 525 Eighth street, was held up by a passenger at Grove and Twenty-sixth street early this morning and robbed of \$20. The man had entered the automobile at the end of the line and was being taken south on Grove street on Antonuccio's last trip, about 1.30 a. m. There was a friend of Antonuccio's in the front seat with him.

The lone passenger was in the rear of the automobile. Antonuccio was driving along unsuspectingly, when suddenly he felt the muzzle of a revolver pressing against his back between the shoulders. The driver's friend was ordered out of the machine and Antonuccio was told to drive up Mead avenue.

"Where have you got your money?" demanded the robber in his ear. "Don't start anything or I will shoot."

Antonuccio managed to keep his car running along despite his fear and stammered out that the money was in a side pocket. The robber slipped his hand under Antonuccio's arm, rifled his pocket and then ordered him to stop and then to speed up again. The orders were obeyed and the robber escaped.

Antonuccio immediately returned to the central police station, where he reported the hold-up. Antonuccio unable to give a good description of the man, as he had entered the rear of the machine. The district was searched, but no trace of the bandit was found. This is the second jitney bus hold-up that has occurred in Oakland.

TAFT & PENNOYER COMPANY

NEWEST OF WASH GOODS

EXCEPTIONALLY STRONG LINES AT 35c AND 50c

While our Wash Goods Section displays materials at all prices, we feel justified in calling especial attention to extra strong lines at the prices mentioned below.

AT 35c THE YARD—Exceptional lines in the very latest effects in Voiles, Crepes and Sheer Lawns, shown in plain or printed, woven and embroidered styles. Widths from 27 to 40 inches.

AT 50c THE YARD—Silk and Cotton Crepe de Chines in light and dark shadings; also Silk Stripe Voiles in the more demanded innovations. Widths 36 to 40 inches.

Wash Goods Section—First Floor

DRAPERY NEWS

Popular Priced Curtains—Splendid Line Just Received

Among the newest arrivals we desire to mention the following, representing some very high-grade window effects at attractive popular prices:

MARQUETTE CURTAINS—Shown in ecru, cream and white, made with plain hem and lace insertion. Priced, the pair \$2.50

FINE VOILE CURTAINS—Made with cluny edge and insertion. Priced, the pair \$1.95

FINE VOILE CURTAINS—Shown in ecru and white, made with filet lace insertion and cluny edge. Priced, the pair \$2.65

FINE VOILE CURTAINS with handsome lace insertion and edges. Priced, the pair \$3.85

SCRIM CURTAINS with filet lace insertion and plain hem. Priced, the pair \$2.15

MARQUETTE CURTAINS with filet lace insertion and cluny edges. Priced, the pair \$3.85

MARQUETTE CURTAINS with cluny lace edges and insertions. Priced, the pair \$4.00

The above are without doubt the most sterling values we have ever been enabled to offer in popular priced Curtains.

Drapery Section—Third Floor

CLAY at 14TH and 15TH

GOETHALS NOMINATED TO BE MAJOR-GENERAL

WASHINGTON, March 4.—Colonel George W. Goethals was nominated today to be a major-general in recognition of his services in building the Panama Canal.

WARSHIP TO SINK BURNING TANKER

ALICANTE, Spain, March 4. via London, 10:40 a. m.—An explosion of petroleum yesterday under the fortifications of the Beilan tank steamer Tiflis, from New York, caused the death of one member of the crew, while six others were severely burned. The fire spread so rapidly that port authorities abandoned hope of extinguishing the flames and devoted their energies to preventing them from spreading to other ships in the harbor. A message has been sent to the Beilan asking that a warship be dispatched to sink the Tiflis and thus avert peril to shipping.

All goods delivered to our milk customers at store prices. By this you can save \$2.00 per month.

Seleby Fined for Smuggling Diamonds

SAN FRANCISCO, March 4.—Samuel Seleby, a wealthy banker and merchant of Sinaloa, Mexico, pleaded guilty this morning to a charge of smuggling \$25,000 worth of diamonds into the United States, and was fined \$2000 in the United States District Court. He paid his fine, and it is unlikely that he may be able to recover the jewels without paying premium upon them, as a special mark of favor on the part of the government.

FAIR MOTORCYCLIST HURLED FROM MACHINE

The exhilarating effect of traveling at the rate of sixty miles per hour on a motorcycle along the Rockhill boulevard last night was an experience which left little short of a fatality for Miss Myrtle Michelson, Jr., living at 229 Ellis street, Berkeley, who was hurled from the machine when it skidded on a sharp turn.

WHEAT PRICE DOUBLED

Buy your wheat at 10th and Franklin at \$1.00 a bushel—adv.

AGED JUSTICE UNDER ARREST AT BURBANK

LOS ANGELES, March 4.—George Melrose, a aged former justice of the peace, who has been under investigation by the county grand jury with reference to the alleged embezzlement of fines, tried today to shoot a county detective who was sent out to his home in Burbank to arrest him. Failing that, the old man then tried to shoot himself. Both attempts were abortive, because his son, suspecting the father of planning violence, had rendered his revolver harmless by removing the powder charges from the cartridges.

PRESIDENT WILSON SIGNS SEAMEN'S BILL

WASHINGTON, March 4.—President Wilson signed today the seamen's bill, improving working conditions of American seamen and increasing life-saving equipment requirements.

FUNERAL SERVICES ARE HELD FOR H. B. LEIGH

Hamilton B. Leigh, a wealthy cattleman of Monterey county, who spent much of his time at his home in Oakland, died Tuesday and was cremated today. The funeral was held from the home of Mrs. J. H. Smith, mother of the widow, Mrs. Julia Smith Leigh, 28 Twenty-seventh street, the Rev. E. P. Dille of the First Methodist church, officiating.

NILES TO OPPOSE CALAVERAS DAM

Water District Will Seek Injunction Against Spring Valley Water Co.

Suit against the Spring Valley Water company to prevent the building of the Calaveras dam and the consequent diversion of the water in Alameda creek, will be commenced by the Alameda county water district of Niles before the bond election comes up before the voters in San Francisco on the proposition of that city's purchase of the water company.

STOREY LOOKS OUT FOR VAUDEVILLE ENGAGEMENT

SAN FRANCISCO, March 4.—Frank Storey, attorney, short story writer, traveler and now actor, was busy this morning looking out for his new vaudeville engagement. He had a conference with his new manager, Sid Grauman and seemed care free and happy despite the fact that he must for tomorrow, before Police Judge Oppenheim, to answer to a charge of abandonment and neglect. It was in connection with this accusation that he was literally dragged from the wings of the Republic theater and taken into custody on Tuesday night.

FORECASTER WILLSON PREDICTS FINE DAY

SAN FRANCISCO, March 4.—United States Weather Forecaster G. H. Willson, stating a broad and expansive smile, which is likely to communicate itself to all Central California today, when it is known that he predicts a great and glorious weather for Saturday. Not that the official report is anxious to look a week for a fine Saturday. There is likelihood of some rain in the north, but conditions are, in the whole, favorable.

VANDER NAILLEN FILES WATERFRONT REPORT

In a report filed with the Merchants Exchange, E. J. Vander Naille points out that all transactions regarding municipal water front work, which have called forth criticism, took place before the present regime of city officials. Also, declares the report, the transactions were gone into before the present city charter went into effect.

CHINESE TO DISCUSS JAPANESE BOYCOTT

NEW YORK, March 4.—Notices appeared today in the Chinese quarter announcing a meeting tonight in the Sunmoy Hall, at which the question of boycotting goods by Chinese will be discussed.

DINING CAR LOOTED; HAM AND CHICKEN GONE

Burglars last night broke into the home of J. B. O'Neil, Myrtle street, stealing clothing and other property valued at \$25.

CLUB TO HOLD SOCIAL

FITCHBURG, March 4.—The Fitchburg Art club is preparing a "good time social," which will be held Monday evening at its headquarters on East Fourteenth street. A committee has charge of the arrangements.

Carnegie Satirizes Big Navy Advocates

WASHINGTON, March 4.—Senator Tillman last night read to the senate a letter he had received from Andrew Carnegie, saying that for the United States "to build a great navy, or increase the army, would, in my opinion, be folly only equalled by one who declined to walk outside without a lightning rod down his back, because once there was a man struck by lightning."

No Discrimination Will Be Allowed

WASHINGTON, March 4.—The United States will insist on its right to get dye stuffs from Germany if England continues to do so. Although the president of the British board of trade in parliament declined yesterday to commit his government to the right of American shippers to get dye stuffs, it was declared here today on high authority that the United States would insist there should be no discrimination.

AUCTION SALES

VOTE FOR THE BONDS.

Alhambra, Cal. March 2, 1915

and energetically against Alameda standing for a \$1,000,000 bond issue for the exposition; an attitude largely assumed through the "great misconception" which then existed, but now greatly eradicated through intelligent publicity and the con-

In view of these circumstances and facts I feel it is incumbent upon us to use every active and prosperous community to establish this county in the confidence of our sister cities by overwhelming support of this bond issue. We would like to see the people of this county knock down, you live wires of progress and prosperity, and teach your fellow man that prosperity only comes through the support of the bond issue. Why deliberate? Respectfully yours,
NELSON G. WELBURN.
2315 San Jose ave., Alameda.

shipped any month of this or last year's entire season. February exports surprised even those who made high estimates. Few calculations were over 1,250,000 bales, while many traders thought it would be under the million mark, since February usually is a dull month, and this year's shipments were more or less hampered by developments in European waters.

**MARRIAGE, BIRTH AND
DEATH NOTICES**

PAIN GONE, RUB SORE, RHEUMATIC ACHING JOINTS

Rub Pain Away With a Small Trial Bottle of Old "St. Jacob's Oil."

Stop "dozing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacob's Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacob's Oil" is a harmless rheumatism liniment which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache and neuralgia.

Limber up! Get a small trial bottle of old-time, honest "St. Jacob's Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.—Adv't.

HURLS CHAIR AT TRIAL

During an examination yesterday before Superior Judge J. O. Moncur as to the sanity of Jane Stockton, the defendant became highly excited and hurled a chair at Dr. Myra Knox who, with Dr. G. G. Reine, was an examining physician. The chair fell short of its mark and the patient was restrained by several bailiffs. She was committed to Stockton.

STATE REFUND TO COUNTIES GROWING

Controller Attributes Loss to Excessive Assessments of Public Utilities.

SACRAMENTO, March 4.—The State Treasury is the loser, to the extent of thousands of dollars annually, in money paid back to cities and counties, as a result of excessive assessments on the properties of public utilities, according to State Controller John S. Chambers. The total amount of the refund for the fiscal year 1914-15, to be paid by the state to the cities and counties on account of the bonded indebtedness of these subdivisions outstanding in 1910 when the new system of taxation was approved, is \$727,567.50. For the fiscal year 1913-14, the refunds amounted to \$542,222 and for the year before that, was \$712,258. In 1911-12, first year of refundment the refund was \$450,724. These figures show that the sum demanded from the state treasury as refund, has a tendency to increase from year to year, although the estimated annual reduction of bonded indebtedness annually is about \$2,500,000. The chief explanation of this fact, is said to be that county and city assessors yield to the temptation to raise assessments disproportionately because the state, and not they, will have to pay the price. The legislature of 1912 set aside \$1,400,000 for the payment of refunds for the past two years, but that amount has fallen short by \$70,543.13 of being enough to meet demands.

Y. M. C. A. WORKERS LAUNCH CAMPAIGN

Committees Inaugurate Move to Raise \$10,000 in Five Days.

The five-day campaign to raise \$10,000 for the Oakland Y. M. C. A. was launched last night at a meeting of the "workers' committees" at the association building. The campaign began in earnest today. During the past year the Y. M. C. A. has been advised \$10,000 in order to meet current obligations. He has offered the association to cancel this debt if the people of Oakland would subscribe the amount of \$10,000, which is needed for the expenses for the present year. It is to raise this amount, and to take advantage of the Alexander offer that the five-day campaign has been organized.

"It has been asked why this institution is not self-supporting," said John Fletcher, general secretary of the local association. "A splendid building has been provided. There is a large membership. It is suggested that with these advantages, we ought to be self-supporting."

"But it is not desirable that a Young Men's Christian Association should be self-supporting. The institution aims to give to boys and men advantages greater than those for which they are able to pay. If we had to be self-supporting, we could not offer the educational advantages, and the recreational advantages that are centered in this building."

OAKLAND'S LOW PERCENTAGE. The per cent of the budget of the Oakland Association raised in subscriptions is the lowest so raised of seven leading California cities. Subscriptions account for only four per cent of our budget. The record in the other cities is as follows:

Berkeley, 26 per cent; Fresno, 28 per cent; Los Angeles, 7 per cent; Pasadena, 26 per cent; San Diego, 15 per cent; San Francisco, 14 per cent. The average of these seven cities is 18 per cent. We are asking that Oakland shall raise this to just 11 per cent.

Ralph T. Fisher, president of the association, J. E. Sprunger, state secretary, and leaders in the campaign of workers delivered short addresses, among those who spoke being Robert Robertson, W. Nat Friend, E. T. Leiter, C. S. Morse, Dr. George T. Pomeroy, C. H. J. Truman and H. L. Sully. Plans for the coming campaign to raise the \$10,000 were made. The financial statement of the Y. M. C. A. indicates that while some of the departments of the association show a profit, as in the case of the laundry, rentals and the cafeteria, others, such as the boys' department, the educational and physical departments, show a deficit. In the boys' department and the educational department the expenditures were over twice the receipts, and in the physical department the expenditures were \$7218.23, while the receipts were only \$4154. It is in these departments that the association has rendered its greatest service to the community.

The amount spent in the religious department is small, being only \$202.95. This is explained by the fact that almost all this work is purely voluntary.

CAMPAIGN ORGANIZATION.

The companies organized for the campaign last night were as follows: Administration—Robert Robertson, chairman, and W. C. Towner, secretary; E. A. Young, L. G. Burpee, H. L. Kemp, A. W. Moore, J. H. Jenkins, Frank Jovett, George B. M. Gray, J. J. Richardson, O. E. Hotie, T. E. Bridges, R. McWilliams, E. H. Huebbe, Grant D. Miller.

Membership—William Nat Friend, chairman, and P. M. Olsen, secretary; H. C. Ingram, W. J. Burpee, Dr. H. L. Dietz, Hugh P. Evans, H. E. Lyon, Thomas Thompson, S. P. Wagner, Dr. M. R. Wallace, A. G. Rock, G. A. Peacock and H. L. Sully.

Boys Department—E. T. Leiter, chairman, and T. S. Caldwell, secretary; P. A. Leach Jr., R. A. Kirkland, J. H. Nash, W. H. Brown, R. A. Lett and Frank Rock.

Physical—C. S. Morse, chairman, and C. F. Morton, secretary; R. B. Gaylord, H. H. Dibben, W. E. Logan, R. A. Dunham, Dave Duncan, A. E. Caldwell, W. J. Layman, and H. H. Dickey, Andrew Ditzel, A. H. Trahen, George T. Pomeroy, W. Brandt, S. C. Tait and F. E. Malden.

Educational—Dr. George T. Pomeroy, chairman, and H. H. Dickey, secretary; R. D. Jones, W. B. Forbes, W. F. Evans, H. J. Truman, C. E. Keres, Rudolph Lindquist, C. H. Victor, Carlos D. White, D. E. Perkins and J. W. Phillips.

HONEYMOON TO SEATTLE

Elmer E. Johnson, connected with the passenger department of the Santa Fe lines in Oakland, surprised his friends yesterday when he slipped quietly away from work and during the afternoon married Miss Ruth M. Edson, daughter of Mr. and Mrs. J. H. Edson of 112 Hamilton Place. The ceremony was performed by the Rev. W. K. Towner following which the young couple departed for Seattle on their honeymoon.

Not what we think of San Francisco; not what we think of the administration; not what we think of this, that or the other—but what will the nation think of us if we fail to vote the bonds for the purchase of Exposition stock?

Cost, an average of 1 1/2 cents per month on a \$1000 assessment.

C. H. ROWELL TO LECTURE. Chester H. Rowell of Fresno will give his lecture on "The Problems of the War in Europe" in Claremont Monday night, March 5, under the auspices of the Men's Club of Olivet Congregational church on Shafter avenue, near College avenue. It will be in the form of a dinner talk for men.

MOTHERS, DO THIS

When the Children Cough, Rub Musterole on Throats and Chests.

No telling how soon the symptoms may develop into croup, or worse. And then when you're glad you have a far of MUSTEROLE at hand to give prompt, sure relief. It does not blister. As first aid and a certain remedy there's nothing like MUSTEROLE.

Thousands of mothers know it. You should keep a jar in the house. It is the remedy for croup, whooping cough, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of Back or Joints, Sprains, Sore Muscles, Chilblains, Frosted Feet and Colds of the Chest (it often prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50.

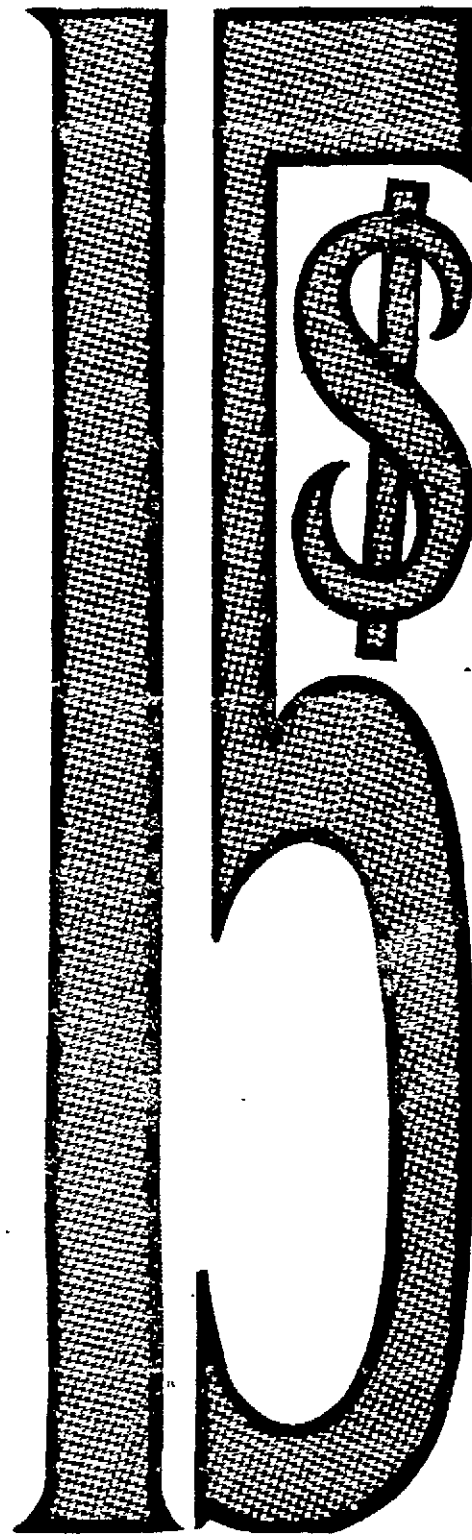

Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. Musterole Company, Cleveland, Ohio.

MUSTEROLE

This Year Is Making History

The decision of an Emperor or a King should not affect YOUR personal history more than any act of your own. Make history for yourself. Plant a mile-stone today, which shall mark your determination that hereafter no dollar of your money shall be wasted.

After that determination can you, and will you, still go on buying your Clothing from merchants who must necessarily include in the price of the Clothing they sell you a liberal allowance for the high rent expense, for the burden of their extravagant window displays and all the other fancy expenses, made necessary through their doing business along old-time lines? The percentage of losses naturally brought about by their credit and charge systems is bound to still further increase YOUR cost.

NO! Emphatically NO!! Make up your mind that the customer pays the high street-level rent of such stores, and pays for all the other fancy expenses such stores find necessary. At Foreman & Clark's all of this is cut out, eliminated, actually thrown to the winds. The new Suits arriving daily from Eastern fashion centers prove beyond all possible competition that our buying power—our SQUARE DEAL methods earning the recommendation of every customer—have put us permanently in a class by ourselves.

Our \$25.00 Suits at \$15 Are Better Than Ever

Now is the time to make your selection. There is no reason why you should wait until the end of the Season, and then buy what the best dressers would not accept. Don't buy "left-overs." Get busy! Select your suit now, and get the benefit of a full season's wear.

You'll be surprised how easy it is to save \$10.00 here on a Suit—and you'll be better dressed than ever. We make no charge for alterations and guarantee perfect fitting.

CARRIERS MADE LIABLE FOR ALL ACTUAL LOSS

WASHINGTON, March 4.—The Senate bill to make railroads and other common carriers liable for actual loss, damage or injury caused to property they carry, regardless of the liability limitations of the bill, was passed yesterday by the House. The bill, which particularly affects the cattle shippers of the West, excepts from its provisions cases where property is hidden from view by wrapping or boxing and where the Interstate Commerce Commission authorizes rate for transportation for commodities dependent upon the value of the property shipped.

HURT BY AUTOMOBILE

Mrs. L. Grimm, 60 years of age, 1731 Chase street, was struck by an automobile at Eighth and Broadway late yesterday and taken to the Emergency hospital, where it was found that she

had sustained minor bruises. The automobile was driven by A. Monroe, 1225 Forty-seventh street.

RELIEF STEAMER FLOATED

NORFOLK, Va., March 4.—The Belgian relief steamer St. Helena, which went ashore Tuesday night on a bar off Currituck, N. C., was floated last night. The vessel apparently was not damaged and resumed her voyage from Chaleston to Rotterdam, via Norfolk. The St. Helena, a British ship, is carrying 7000 tons of supplies contributed in North Carolina, South Carolina and Georgia.

COUGHING

Irritates the membranes of the throat, bronchial tubes and the lungs. Brown's Relief of Coughs and Hoarseness. Guaranteed harmless and free from all opiates in use over 50 years. Sold by all druggists—25c, 50c and 1.00 packages.—Adv.

CHINESE YOUTH WINS YALE ORATORY PRIZE

By Associated Press. NEW HAVEN, Conn., March 4.—The Ten Eyck prize for speaking—one of the most highly valued at Yale University—was won last night by Chang-Hau-Henry Wang of Ningpo, China, a member of the class of 1915. His subject was "China and the European War." Morris Hadley, son of President Hadley, was a contestant.

CREELEMAN FUNERAL HELD

BERLIN, March 4.—Impressive services were held in the American church here yesterday over the remains of James Creelman, the New York "America's" famous correspondent. It will be sent to New York March 11 on the King Olaf. At the funeral services were present Ambassador Gerard, Consul-General Secretary, Consul von Versen, American

newspaper correspondents and members of the American colony in Berlin. Many Germans, including representatives of the government, attended.
